## Yanks Slay 181 Cong In Four Delta Battles

SAIGON (AP) — U.S. and South Vietnamese forces sweeping the southern approaches to Saigon killed 181 Viet Cong in four battles through the rice paddies of the Mekong Delta, military spokesmen reported today.

It was the heaviest combat in the sector in more than a month.

In one engagement infantrymen of the U.S. 9th Division smashed into a Viet Cong battalion and killed a third of the troops before the remainder fled under heavy American bombardment. Field reports said the Americans killed 104 of the enemy in the fight 21 miles southwest of Saigon.

The Americans also captured 13 prisoners and 36 weapons. U.S. casualties were 15 killed and 30 wounded.

After intelligence reports of about 300 Viet Cong in the area, helicopters landed more than 1,000 men of the 9th Division in the wet rice paddy area in an attempt to set up a cordon around the enemy force.

During the night, the fighting tapered off to sporadic gun bursts and the surviving Viet Cong slipped away. Contact was reported lost, but the U.S. infantrymen continued sweeping the battlefield.

While this fight was going on Monday, other 9th Division troops were battling about 50 Viet Cong five miles to the north. Thirty-three of the enemy were reported killed, and two Americans were wounded.

South Vietnamese headquarters reported that government troops killed another 44 Viet Cong soldiers in two fights in the same general area. Five government soldiers were killed and 22 wounded.

The U.S. 9th Infantry Division, along with South Vietnamese units, is responsible for Saigon's southern defensive perimeter. The American Division has several battalions sweeping through Long An Province and has had frequent clashes there with troops from seven Viet Cong battalions. Each enemy battalion in the area ranges in strength from 100 to 300 men.

In Saigon itself, two damaging blows to Communist sabotage plans were reported.

Government agents raided a house four blocks from the sprawling Tan Son Nhut Air Base and seized a munitions cache.

## Hope Dim For Relief To Starving Biafrans

ADDIS ABABA, Ethiopia (AP) — Prospects of getting sufficient food and medicine to the starving Biafrans grew dimmer today after the Nigerian government spurned an appeal to stop shooting at Red Cross planes and peace talks in the Ethiopian capital stalled.

"The Nigerian reaction is to shoot at any plane," an International Red Cross spokesman reported after the Lagos government rejected its appeal to quit shooting at mercy flights into blockaded secessionist Biafra.

The Red Cross, which had been flying food and medicine into besieged Biafra since November, suspended flights from the Spanish island of Fernando Po, 100 miles off the Nigerian coast, after a DC6 carrying food was fired on over the weekend.

Fears that arms are being airlifted into Biafra in large quantities are behind the federal government's action, the Red Cross spokesman said, but he added that negotiations were continuing. He denied that any

attraction at the grandstand again tonight at 8 and all day there was judging in the major divisions of the fair, junior cattle, steers, dairy cattle, hobbies, agriculture, floriculture, foods, etc.

Newsman Guests Tomorrow will be Queen's Day at the Fair.

Frank Bender Jr., chairman of the Fair Board of Managers presided at the news media banquet at the Dells Supper Club Monday evening when the fair management thanked the press, radio and TV for their promotion of the annual exposition.

The dinner specially honored Mrs. John W. Rice, publisher of the Houghton Mining Gazette, Houghton, and Miss Irene Waisanen, editor; as what Rep. Russell Hellman called the only women management team in a Michigan daily newspaper.

## Governor Coming

Gov. George Romney will be at the U.P. State Fair on Friday in person to make "Governor's Day" fully authentic.

Fair Manager Clifford Peras was notified by the governor's office in Lansing today that Governor Romney, who had sent his regrets and arranged for Lieut. Gov. William Milliken to be here for Governor's Day, will be here in person.

Governor Romney will arrive about 11 a.m. at Escanaba Area Airport and go by motorcade to the downtown area and then to The Terrace where the fair's governor's luncheon will be held.

He will address the grandstand crowd at the fair at 2 p.m. and at 3 p.m. will go to Escanaba Industrial Park for the dedication of the new campus of Bay de Noc Community College and groundbreaking for start of construction on the first campus building.

Miss Waisanen was unable to attend the dinner and Mrs. Rice accepted the plaque awarded to her.

Mrs. Butler said Governor Romney on taking office said that he would make an effort

## Uruguay Capital Braces For Bloody Student Riots

MONTEVIDEO, Uruguay (AP) — Uruguay's capital appeared certain today to have more bloody student riots as public opposition to President Jorge Pacheco Areco's tough policies steadily increased.

A score of students, policemen and bystanders were in hospitals with bullet wounds or other injuries suffered in daily violence that began last Friday with a police raid on the University of Uruguay.

Censorship-minded officials kept the exact number of casualties secret. Nor would police say how many demonstrators have been arrested, but there have been more than a dozen.

Protests Mount Although the invasion of the traditionally inviolate university campus was the immediate cause of the student demonstrations, they also are protesting

conditions which have drastically reduced public backing for the president: Runaway inflation, the rising cost of living, suspension of constitutional guarantees, press censorship, drafting of striking government employees into the armed forces, and alleged police brutality, official mismanagement and corruption in high government circles.

An opinion poll ran 77 per cent in favor of Pacheco when he suspended constitutional guarantees on June 13 and started cracking down on rising student and labor agitation. The same pollsters reported last week only 47 per cent still backing the president, with 45 per cent in favor of a return to full constitutional government. The rest refused to answer.

Official Kidnaped The long festering crisis was

impelled toward a showdown by the kidnapping last week of Ulises Pereira Reverbel, the head of the state telephone and electric power monopoly and the chief advocate among Pacheco's advisers of the hard line the president has taken.

The kidnapers said they were members of the National Liberation Front, a pro-Peking group about which little is known. They held Pereira "hostage" for five days in what many considered was an attempt to touch off rebellion and to prove that the government had lost its hold on the country.

The police struck back with the raid on the university, long considered a hotbed of admirers of Fidel Castro and Mao Tse-tung. They discovered incendiary bombs, bullets and other subversive material on the campus.

# American Bar Chief Endorses Fortas OK

## Nixon Will Emphasize Law And Order Issue

By The Associated Press

A top advisor to Republican candidate Richard M. Nixon says crime and civil disorders — issues Nixon aides consider potentially troublesome — will get top billing in the campaign.

Aides said Monday the issues are crucial and a difficulty will be to stress law and order without appearing insensitive to slum problems or overshadowing Nixon's proposals for easing them.

Nixon has said order and civil rights progress must go hand in hand.

The candidate's proposed program of "black capitalism" to offer Negroes "a piece of the action" of American enterprise is attracting interest in the Negro community, said Charles S. Rhyne, chairman of United Citizens for Nixon.

## Guard Rights

Nixon's running mate, Maryland Gov. Spiro T. Agnew, said in San Francisco, meanwhile, that violence and disorder are not the answer to civil rights problems.

"Those who feel civil rights and lawlessness are compatible must be convinced otherwise," Agnew said.

He spoke of "the many wonderful Negro citizens in this

country who are completely disenchanted" with militants who advocate violence.

A group of 18 Baltimore Negro leaders accused Agnew Monday of "antipathy toward black people" and said they have organized to spread his record of "inadequacies" throughout the nation.

## Enlist Workers

A \$5 million Nixon-Agnew effort to win Democratic and independent votes was announced Monday by Rhyne. He said five million workers are to be enlisted and one million already have signed up.

On the Democratic side, Sen. Eugene J. McCarthy urged his nondelegate supporters to stay away from the Democratic National Convention, and called Nixon's campaign promises on Vietnam and other issues "irrelevant to the reality of 1968."

"The presence of large numbers of visitors amidst the summer tensions of Chicago," McCarthy said to his supporters, "may well add to the possibility of unintended violence or disorder."

## Changes Wording

Sen. George S. McGovern launched a concerted two-week campaign Monday for the Democratic nomination, calling for an end to the draft system and cuts in spending to the military-industrial complex.

Vice President Hubert H. Humphrey, easing previous wording, said Monday that "restraint and reasonable response" by Hanoi should be the price for a halt to the bombing of North Vietnam.

He said his previous use of the word "reciprocity" as the price had been "misinterpreted as a harsh and rigid word. This certainly was not my intent."

## Detroit Atty. Attacks Griffin For Opposition

DETROIT (AP) — The president of the American Bar Association Monday endorsed the nomination of Abe Fortas as chief Justice of the United States, saying he has "first class intellectual equipment for the job."

Detroit attorney William T. Gossett, the bar association's new president, said the campaign of Sen. Robert Griffin, R-Mich., is "unworthy of a U.S. senator."

Gossett said Griffin was "practicing politics" in attempting to block confirmation of Fortas, who is currently an associate justice. He said he has sent letters to Senate Minority Leader Everett Dirksen, R-Ill., and Senate Judiciary Committee Chairman James O. Eastland, D-Miss., urging approval of the Fortas nomination. Eastland has come out in opposition to Fortas in committee hearings on the appointment.

## Against Executions

"Any attempt by Sen. Griffin to lead a filibuster to prevent a prompt Senate vote would be unworthy of him and a disservice to the country," Gossett said.

Gossett told the Associated Press he endorses strong gun control legislation and the abolition of capital punishment—the latter as a "relic of barbarism" which he said does not deter crime.

He said that persons who choose civil disobedience as a means of testing what they consider to be bad laws "must be prepared to take the consequences of their action."

"The way to test a bad law is through the courts," Gossett said.

Gossett also gave qualified endorsement to the bar association's Reardon Report on free press and fair trial. The report proposes restriction on press coverage of trials by barring the release of some information to newsmen.

Gossett said the ABA and newsmen should get together and work out a mutually acceptable plan.

## Griffin Winning

"It now appears that the campaign begun by Senator Griffin to stop Mr. Johnson's Supreme Court appointments of Associate Justice Abe Fortas and U.S. Judge Homer Thornberry will succeed unless the President can somehow twist a few arms when the Senate reconvenes," Saul Friedman wrote from Washington for the Detroit Free Press this week.

"But twist though he may, time is running out on the nominations. Members of Congress will get back to work Sept. 3, but they expect to finish up in time to participate in the election campaigns."

Appointments of Fortas to succeed Earl Warren as chief justice and of Thornberry to take Fortas' seat, remain bottled up in the Senate Judiciary Committee. Several members say they will delay action further when the committee meets again in September.

## Enough Demo Votes

Both appointments could probably be confirmed if the issue came to a straight party vote in the Senate, but if and when the nominations reach the Senate floor a prolonged debate, possibly a filibuster, can be expected to prevent a vote.

Griffin, who isn't given to exorbitant claims, says there are at least 40 senators, including some who favor confirmation, who will oppose an attempt to curtail debate. Senator Philip A. Hart, (D-Michigan) a leading backer of the nominees, agrees with this estimate.

If this happens, the Senate will want to move on to other important business before adjournment and the nominations will die along with the 90th Congress at the end of the year, and the new President taking office in January may be Republican Richard Nixon, in which event Fortas' nomination for chief justice would not be renewed and another choice would be made for the highest court's highest post.

## Watts Is Quiet; Police On Guard

LOS ANGELES (AP) — Watts was relatively quiet today under heavy — and controversial — police guard.

Some sporadic and minor incidents occurred through the night, a day after a Sunday midnight outbreak in which three were killed and 44 injured in the Negro area in south central Los Angeles.

Rumors of trouble whipped through Watts Monday night but that's what they turned out to be—rumors. There was little more than normal night activity.

All three of the dead Sunday were Negro men. Police said at least two were killed by Negro gunfire, and the third may have been shot by police, who reacted quickly and massively to sniping and looting.

Six of the wounded were policemen. Thirty-six other persons were treated for gun wounds and six for injuries. Two were listed as critical.

There were 35 arrests, 28 of them on felony charges.

The outbreak began with rock throwing, followed by sniper gunfire and looting, when police arrested a drunken woman in Will Rogers Park, scene of the third annual Watts Summer Festival.

The festival ironically commemorated the 1965 riot that cost 34 lives and \$40 million property damage.

The area was quickly saturated with 2,000 policemen, who restored quiet before daybreak Monday.

All through the warm Monday and the cool, pleasant night, police maintained their vigil, and Watts remained relatively still. The night was marked by an occasional trash can fire. Along 103rd Street, dubbed "Charcoal

Alley" after the 1965 disorder, knots of youngsters yelled epithets at passing patrol cars, but there was no violence.

Groups of Negroes gathered to watch a small fire in a market.

Rumors of other fires were unconfirmed.

## Sidewinder Hit Fires Oil Ship

SANTA BARBARA, Calif. (AP) — An object from the sky hit a 175-foot oil survey vessel, the Pacific Seal, setting a fire Monday night that could be seen on shore 15 miles away.

At the time Sidewinder air-to-air missiles were being fired at flare targets by a Navy fleet squadron in the sea test range nearby.

Three members of the 18-man crew were injured, two reportedly seriously. They were flown by helicopter to Pt. Mugu Naval Air Station.

Cmdr. Gordon Frey, spokesman at Pt. Mugu, said the cause of the explosion was not determined immediately "but we did have aircraft in the area," he said.

The object penetrated three steel structures in the vessel owned by Fagout Boats, Inc., of Galveston, Tex., and under charter to Vigicon Co., Houston, Tex.

A Coast Guard cutter, Cape Hatteras, was dispatched from Santa Barbara harbor to the ship still afloat five miles south of Santa Rosa Island.

The Navy said a board of inquiry would be appointed.

## 'Catch Me,' Plea Phoned By Killer

FORT LAUDERDALE, Fla. (AP) — Warning their quarry may kill again, police today hunted for a man who directed them by telephone to the body of a young girl and her wounded mother and then begged: "Please catch me. Please."

Acting on telephone calls from a man who said, "I've murdered three people," police Monday located the body of an 11-year-old girl and her critically wounded mother.

The caller told police if they wanted to find his victims' bodies to "go down to the airport and then there's one in the water and there's one on a side street."

The woman, Mrs. Dorothy A. Clark, 42, of Clarkston, Ga., was found slumped over the wheel of a car parked at the Fort Lauderdale-Hollywood International Airport. She was bleeding from five bullet wounds in her head and neck. She was reported in critical condition.

Motorists discovered the body of her daughter, Marilyn, 11, the

edge of a side road four miles away in Hollywood. The girl, clad in the bottom half of a two-piece bathing suit and a cotton blouse, had been shot twice in the head.

A search of waterways for a third victim continued today.

"He wasn't lying about the first two, so why should he lie about the third?" a detective said.

After listening to tape recordings of the caller's conversations, Fort Lauderdale police issued a public warning that the man was "mentally disturbed" and "may attempt to take more lives."

Police said it had not been determined if a third person was with Mrs. Clark and her daughter or why they came to the area.

Records in Atlanta, Ga., showed that Mrs. Clark formerly lived at 1767 N. Decatur Road for 11 days beginning May 14 and had been employed as a trainee at Emory University's psychological center in Atlanta.

## Greek Chief Is Bomber Target

ATHENS, Greece (AP) — An attempt to assassinate strongman Premier George Papadopoulos was made today on a road outside Athens and later at least two bombs were exploded in Athens, a government spokesman said.

The spokesman said a bomb blew up on the road just about the time the premier's car was passing but Papadopoulos was unhurt. A man suspected of planting the bomb was seized.

It was the first known assassination attempt on any member of the army-backed Greek regime since the military seized power in a coup d'etat April 21, 1967.

The outbreaks showed every sign of being well coordinated and planned by resistance elements, the spokesman said.

A "Greek Resistance" movement had announced in Paris that organized resistance to the regime would begin today in Athens.

## Arkansas Primary Chooses Opponent For Rockefeller

LITTLE ROCK Ark. (AP) — Mrs. Virginia Johnson, the first woman to seek the Arkansas governorship, opposes state Rep. Marion H. Crank today in a runoff Democratic primary.

The winner will run in the Nov. 5 election against Gov. Winthrop Rockefeller, the state's first Republican governor since Reconstruction.

Mrs. Johnson, 40, of Conway, who is the mother of three sons, is in the first political race of her own but she did campaign for her husband, Jim, two years ago.

Mrs. Johnson's husband lost the governorship election by 50,000 votes to Rockefeller in 1966 and placed second two weeks ago in a four-man race in which Sen. J. W. Fulbright, D-Ark., won renomination without a runoff.

Johnson is a segregationist and his wife share his views on racial issues. When asked if she, too, is a segregationist, she replied: "Aren't we all?"

## Marquette Flier Killed In Turkey Helicopter Crash

WASHINGTON (AP) — A Michigan Air Force captain has been listed by the Defense Department as killed in a helicopter crash near Izmir, Turkey, last week. He was Capt. James R. McDougal of Marquette, who died when the NATO helicopter developed engine trouble, crashed and burned.

## Henry Winkler Taken By Death

MANISTIQUE — Henry C. Winkler, 99, of 318 Chippewa Ave., Manistique, died Monday morning. He was a resident of Manistique for 66 years and was a retired employee of the Michigan Dimension Co.

Mr. Winkler was married in 1918 and is survived by his widow; one daughter, Mrs. Lee Bare, and one son, Alvin Winkler, both of Manistique; four grandchildren and five great-grandchildren.

Friends may call at the Ke-fauver-Jackson Funeral Home Wednesday from 2 to 9:30 p.m.

Funeral services will be held in the funeral home chapel Thursday at 2 p.m. with the Rev. Ingmar Levin officiating. Burial will be in the Lake View Cemetery.

## China Red Guard Fights With Army

HONG KONG (AP) — Red Guards are waging a guerrilla war against Communist Chinese army units in rural areas of Kwangtung Province while fresh fighting has erupted in Canton, travelers from China reported today.

The army recently cracked down on the Red Guards, apparently on orders from Peking. Army notices were plastered throughout the city, ordering all Red Guard factions to hand their firearms over to the army.

The travelers said the Red Guards disobeyed, kept their firearms, fled the city, occupied rural areas, and began waging a guerrilla-type war against the army.

## Farrow Film Is Rated More Than A Witch Story

Review: "Rosemary's Baby"

By CHUCK TOOMAN

To some it is just another witch story. To others it is a dirty movie. To still others it is a little more of Mia Farrow — well, a little more than usual, anyway. Whatever it is, "Rosemary's Baby" is a movie that parents should be seeing if for no other reason than the fact that their older teens are — and they are asking some searching questions.

Ira Levin wrote the book, and Mia Farrow and John Cassavetes do an outstanding job of playing the leads. And after it is all over and if you are paranoid enough, you might wonder if your recent salary increase or your sudden claim to fame didn't come about because a friend or relative sold either you or someone you love to the devil.

Early American literature has claim to a short story titled "The Devil and Daniel Webster." Nathaniel Hawthorne once wrote "Young Goodman Brown." And each of the stories revolved around a central plot: in turn for both prestige and affluence, a present life a man makes a compact with the devil (Old Scratch) — a compact which determines that upon his death the man's soul goes directly to Satan.

In "Rosemary's Baby," young actor Guy Woodhouse (John Cassavetes) seeks to achieve both fame and affluence in Broadway and Hollywood through such a compact — and a character from pre-Medieval French literature, Robert the Devil, rapes Rosemary (Mia

Farrow) during a meeting of the coven; the result is Rosemary's baby — a satanic incarnation.

A definite religious motif is woven throughout the story. For example, there is Dr. Hill, the obstetrician who has it well within his power to save Rosemary from her fate, but chooses instead to be Pontius Pilate and therefore stay uninvolved. And in so doing he sends Rosemary "back to the mob."

There is the manger scene outside the Times Square district. Rosemary stops, pauses, and wonders.

But an even larger question is posed at the end of the movie when Rosemary, seeing her baby for the first time, totally rejects it. At the end of the movie, however, she stands before the cradle (with the inverted crucifix) in a moment of deep contemplation. One can only wonder if the real question going through her mind is whether or not Rosemary with her love, tenderness, and inherent good, are strong enough to overcome that which is inherently evil.

It is interesting to watch people's reactions to both nudity and profanity. Some people register shock, some giggle, some snicker, some even get up and leave. But beyond the profanity and the nudity are even larger questions. For instance, this reviewer observed no one at all registered any shock whatsoever at the thought of one human's betraying another for material gain. Is this not also a profanation of life? And if it is then we might want to stop and question which one of the profanities, uttered or otherwise, is the greater.

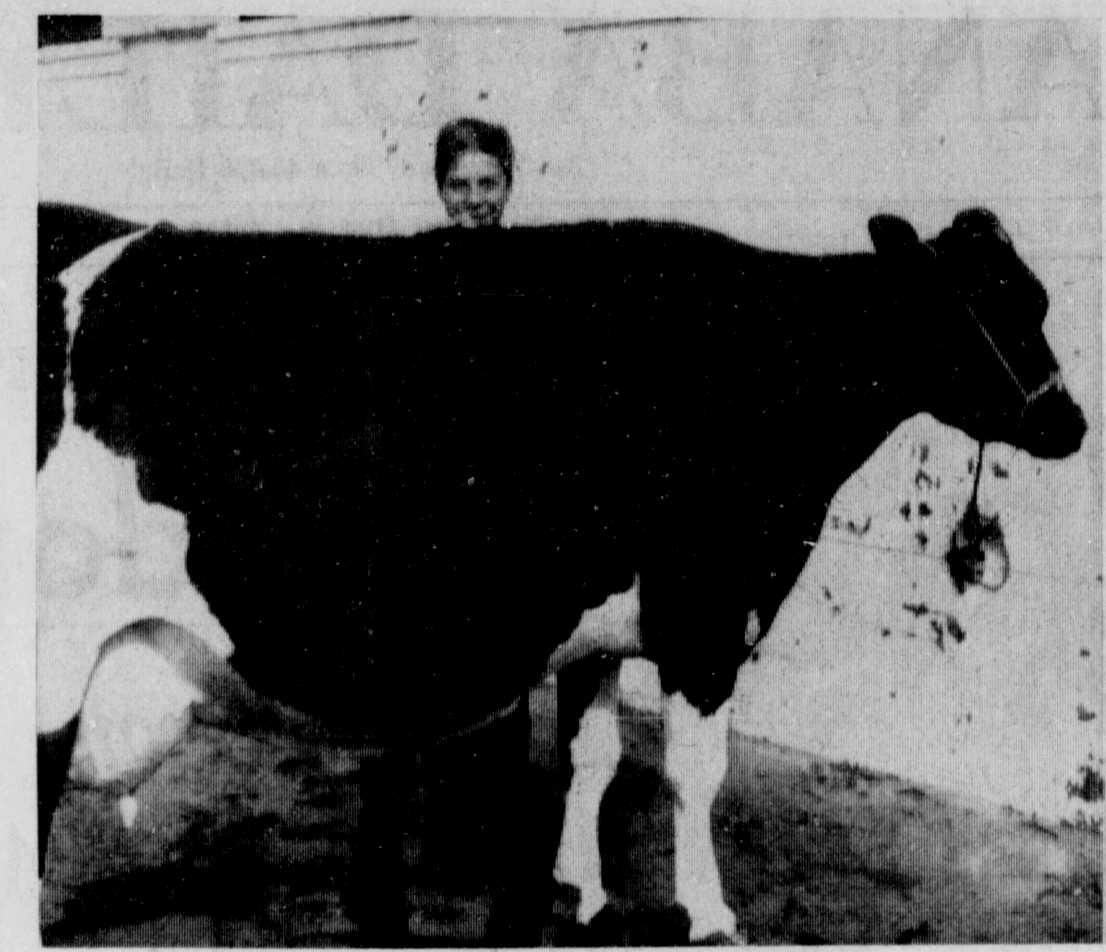

And for someone who is willing to search deeply enough there is always the question "If someone were to guarantee me all the privileges of prestige and affluence, what kind of price would I pay, really?"

## Flag Jacket Is Youth's 'Hangup'

LAGUNA BEACH, Calif. (AP) — Police found Nathan P. Kilgore sleeping in his car and wearing a Nehru jacket made from two U.S. flags neatly stitched together by his mother.

The 18-year-old Kilgore appeared before a judge here on a charge of desecration of the flag, and was freed on \$190 bail.

## Escanaba Girl, 15, Given Mom's Kidney

ANN ARBOR — A 15-year-old Escanaba girl had a functioning kidney of her own today for the first time since May after surgeons at the University of Michigan hospital transplanted a kidney from her mother in a 4½ hour operation Monday.

Hospital officials said the kidney began working immediately.

Susan Shaw, daughter of Mr. and Mrs. Fred Shaw, 1604 S. 16th St., has been a patient at University Hospital since May when her own kidneys ceased to function.

She has had nephritis, a kidney disease, since she was 11 years old.

Surgeons at the hospital removed Susan's kidneys in a previous operation this summer. She has been kept alive through the use of an artificial kidney machine, running four to six hours twice a week, hospital officials said.

Susan returned to her room about 5 p.m. Monday. Her mother, Mary, returned to her room about two hours before. Both were reported doing well.

University doctors have performed about 50 kidney transplants with good success from related donors, according to Fred Shaw, who is in Ann Arbor with his wife and daughter.

"Outside the kidney disease, Susan apparently is healthy," he said.

The Shaws have two other children, Tom, 14, and Fred, 9. Neither has shown any indication of kidney problems, their father said.

## Panel Will Pick Route For I 696

LANSING (AP) — Gov. George Romney has announced appointment of a three-member panel which will choose a route for the controversial I 696 expressway in south Oakland County.

Refusal of a few of the six Detroit suburbs involved to agree on a route or submit the question to arbitration has delayed the freeway for more than two years. The arbitration panel was authorized in a bill approved by the legislature this year.

Named to the panel are: — Boaz Siegel of Detroit, chairman, a Wayne State University law professor and a professional labor arbitrator.

— John A. Dadds of Detroit, a real estate and appraisal consultant for an insurance firm.

— William C. Bleimeister of Detroit, a civil engineer.

## Millage Facts

Q. I would like to know what is going to happen to the people that worked on the hot lunch now that you intend to let the cafeteria out to a private company? Are they out of their jobs or are they going to be hired by the people that are taking over?

A. First of all, it is not definite that the hot lunch program will go to a private business concern. The board's thinking was that this may be one way of reinstating the hot lunch program and at the same time saving the taxpayer some money. The bids will be exploratory in nature, with the board reserving the right to reject any and all bids if it appears that private individuals cannot furnish a satisfactory lunch program.

Secondly, if the school lunch program is not reinstated with tax money the former cafeteria employees will be sent their severance checks. To date there are six people who have not applied for severance pay. The amount due each ranges from \$6.12 to \$265.20.

Whether the private concern would employ the former lunch program personnel can only be a matter of conjecture. The board would hope that this could be arranged, but it would not be the board's program and the board would have nothing to say about it.

Q. What is going to be done with the money received from the rental of the kitchen and equipment?

A. It is probable that the board will offer two kinds of bids: (1) a bid including the use of the school's kitchens and equipment, and/or (2) a bid not requiring the use of school equipment.

However, any money realized

from any possible rentals will go into the general fund.

Q. Why does the area school district have so many administrators per teacher?

A. This is an often asked question. The facts are these: (1) In terms of an administrator-teacher ratio, the Escanaba Area School District ranks sixth out of seven in Delta County; and (2) the lowest ration for any educational institution in the county is one administrator for every three faculty members — a ratio that Escanaba Area School District hasn't even begun to approach.

Q. If there is such a tight squeeze on money, why isn't the Driver Education program eliminated?

A. To eliminate the driver education program would not provide any relief at the local level. The costs of this program are completely reimbursed by the State of Michigan.

# Council Orders Fund Start On Harbor Project

**By BARBARA JOHNSON**  
MANISTIQUE — Both city council and the city manager feel that Manistique is being put off by the Michigan Waterways Commission in its attempt to obtain Manistique Harbor improvements. But nevertheless last night council appropriated a maximum of \$1,500 to be matched by commission funds for an engineering study of the harbor in an attempt to get partial commitment from the commission.

Robert Noe, city manager, told council last night of his brief conference with three commission members last week in Manistique and of changes that the commission suggested in the new proposal for the estimated \$200,000 improvement program.

**Labor Issue**  
Noe reviewed the city's previous attempt to secure approval of a harbor improvement program by the state and council decided the best approach would be to go along with the engineering study. Manistique has submitted two plans for approval in the past year.

Noe told council he had arranged a meeting with union representatives of city employees and State Labor Mediator Carl York on Aug. 22 at 7 p.m. in an attempt to reconcile union demands for a new city contract.

City employees have been without a contract since July 1. Noe said the city road repair program is progressing in spite of the bad weather, which hampered the operations.

**Street Work**  
City crews have finished Elm and New Elm streets, Washington and Cattaraugus streets, part of North Houghton Ave., and are now working on Manistique Ave. He said crews hoped to cap Oak St. within the next week.

In response to an inquiry by the Water Resources Commission as to when and how Manistique would comply with the order for phosphate removal from city wastewater, council directed a letter indicating that it will cooperate with the commission's ruling to the extent that city finances will allow. A new law requires that a phosphorus removal program be instituted by 1972 but no estimates are available to indicate what the probable costs would be.

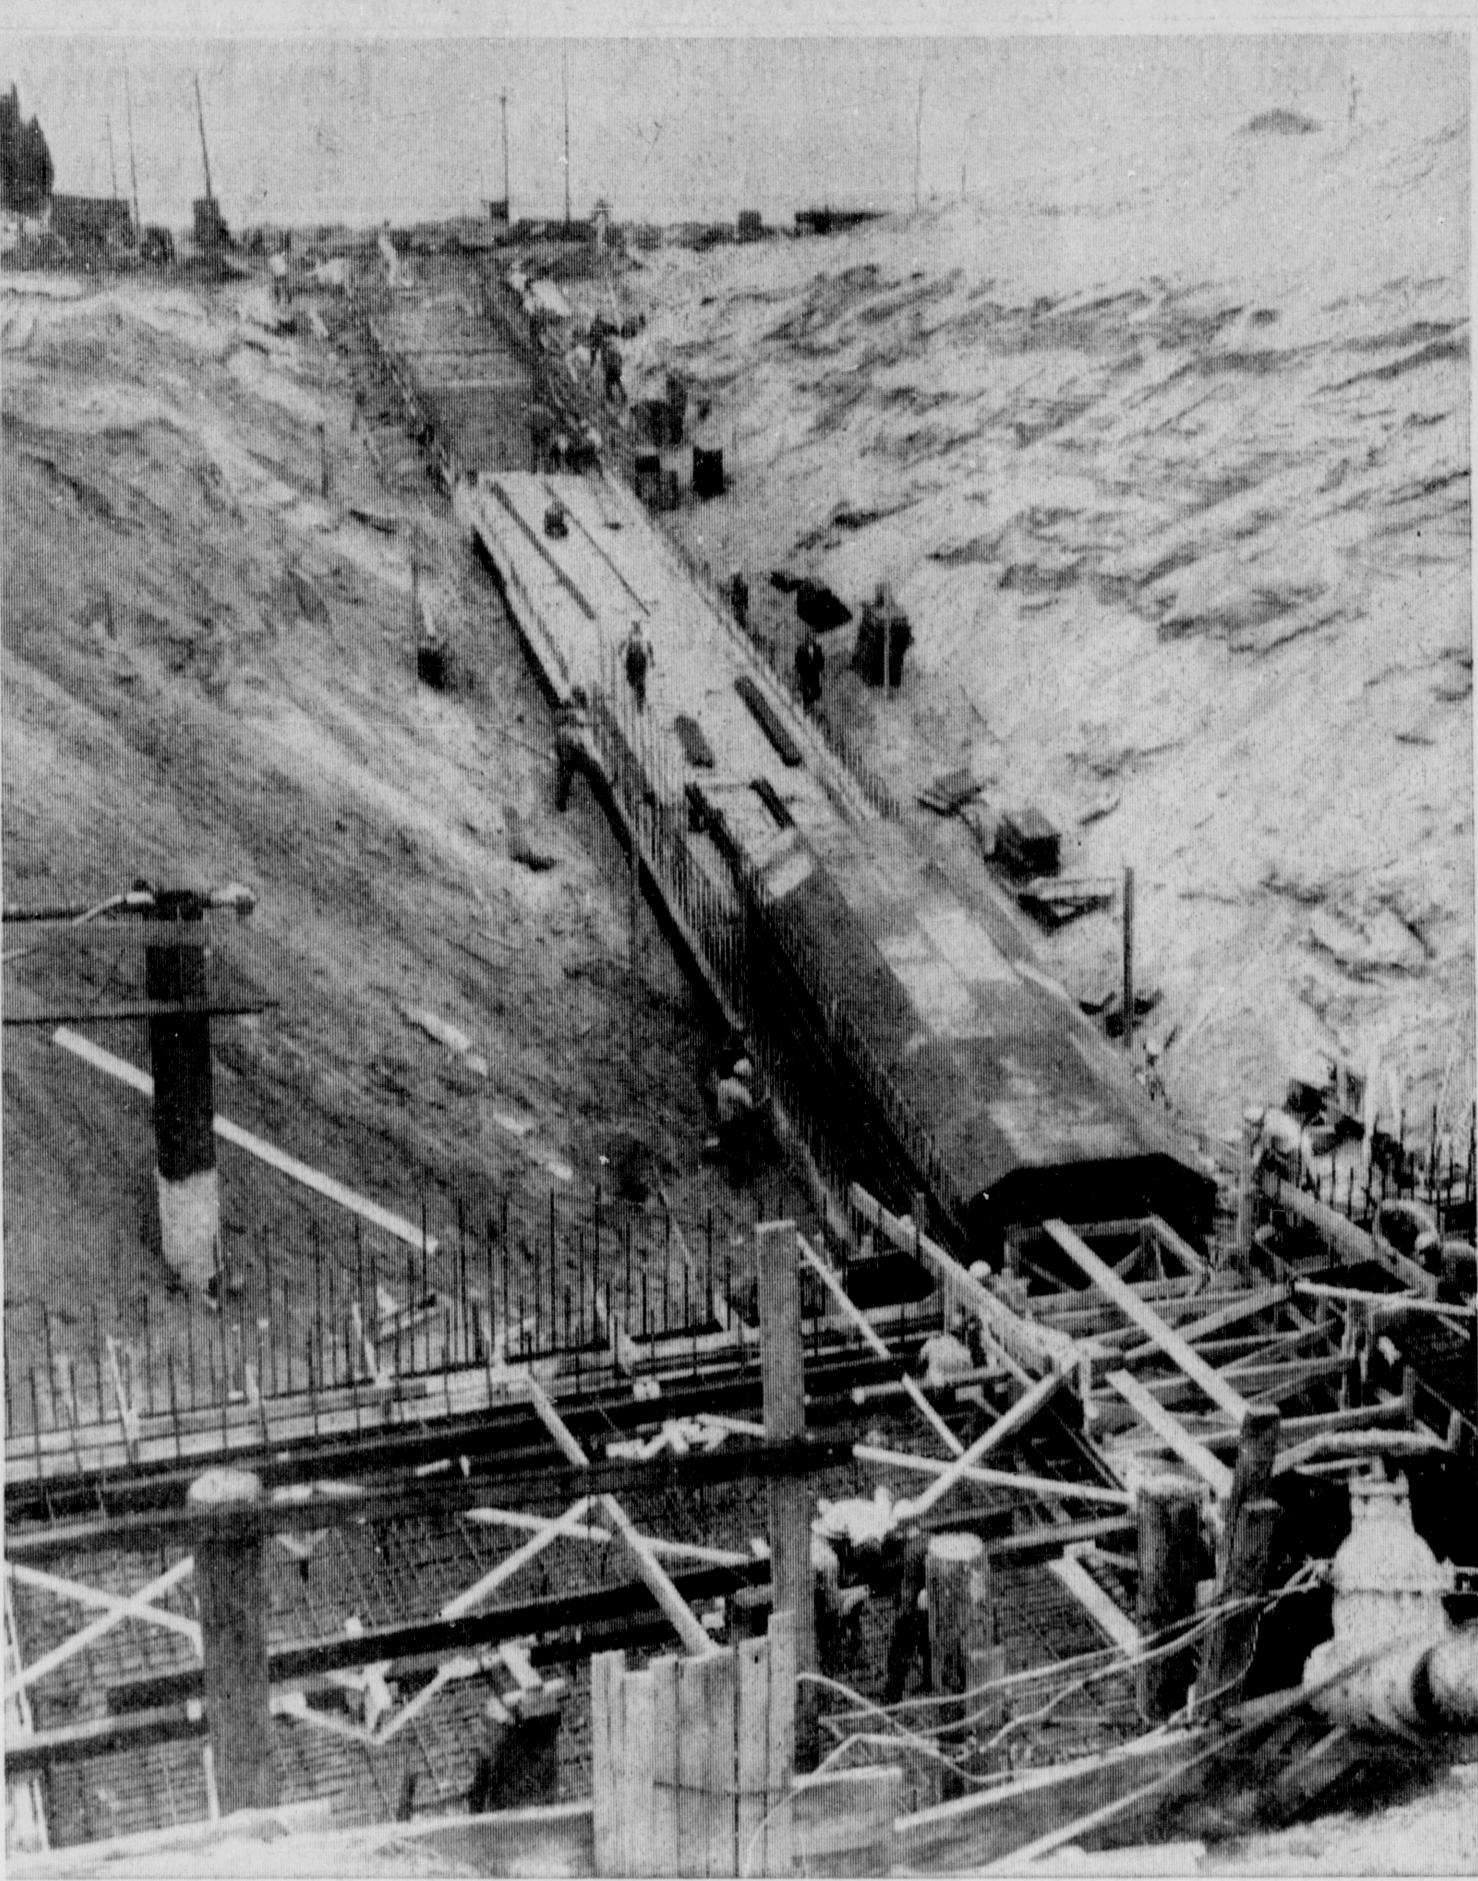

Council authorized the city manager to offer for sale by bids a parcel of land bounded by Cherry, Steuben, and Cattaraugus streets just behind the new Lakeside Elementary School with the hope that the land will be developed into homesites.

**Other Business**  
A request by Wilfred Johnson to rezone his Maple St. property for conversion to a trailer park was referred to the Planning Commission.

Mr. and Mrs. Robert Tomiko's request for the city to vacate an alley between Intake Park Road and Center St. was tabled for further study.

The city manager reported the Michigan Water Pollution Control Commission awarded a safety certificate to employees of the waste water treatment plant for an exemplary station record for 1965, 1966 and 1967.

Mayor Leo DeMars withdrew his request for a city ordinance prohibiting the use of fireworks in the city after City Attorney William Hood advised council that the city's disorderly conduct ordinance would cover offenders who set off fireworks. The law allows a fireworks permit for special occasions.

THIS TOP VIEW OF construction at the Chicago & North Western Railway's new Escanaba Ore Port shows the substructure of the car dumper, which is the heart of the terminal's conveyor belt transportation system. The view here is of the bottom of the installation, which will automatically position and dump three railroad cars loaded with iron ore or pelletized ore at a time. From the dumper the ore will move by conveyor belt up the long tunnel in

the top center of the picture to a relay point at the top of the picture. There the ore will move left to the C&NW ore dock or right to the ore storage yard. Ore stored in the yard will be moved later to the dock for shipment by lake vessel. The new terminal is planned to operate all year as a shipping or storage facility or both. Present ore movement shuts down when navigation does. (Daily Press Photo by Bernard Schultz)

# City Holds Firm On Assessments For Delta Ave.

GLADSTONE — The City Commission Monday night rejected a protest by about 100 Delta Ave. taxpayers over special assessments for street and curbing improvements completed last year.

By unanimous vote of the four commissioners present — Frank Stupak was absent — the commission ruled that the assessments will stand.

Taxpayers were assessed \$4 per foot for curbing and about \$2.92 per foot for blacktopping completed on Delta Ave. from 6th St. to 14th St. last summer.

City Manager H. J. Henrikson said the assessments were based on the exact cost to the city as bid by the contractor.

**Hearings Held**  
Residents argued that because taxpayers had paid the original cost of the street the city should pay maintenance and upkeep

ground breaking ceremonies at the new college site at 3 p.m. Friday.

## Pier Action Tabled

Action on the proposed fishing pier was tabled until further information is received from the Conservation Commission; paving of the approach to the alleyway on the west side of 9th St. between Minnesota Ave., and Delta Ave. was approved, and the commission reiterated that no dumping of garbage is allowed near the power plant.

Plans for sanitary sewers on the west side of N. 9th St. will be prepared and a public hearing will be scheduled. Preliminary work was done by Northern Michigan Engineers, Inc.

# Varnum Gets Boat Launcher

MANISTIQUE — Department of Conservation construction crews are completing work on a makeshift boat launch in the Thompson Bay area—an emergency measure required to facilitate the increased coho fishing activity there.

The launch was requested by State Rep. Charles Varnum, who said "Although no appropriation was available for such a project, I asked that general budget funds be used to aid in handling the increased activity."

Varnum noted that additional parking has already been provided and that a more permanent boat launch will be installed at Thompson next spring. Work is also underway on two muskie ponds across the highway from the extended Thompson parking area, part of the \$50,000 expansion at the Thompson State Fish Hatchery.

Coho fishing continues lively at Thompson, and with continuing complaints over the inability to take the fish on occasion by any other method than illegal "snagging," which the Conservation Department maintains an surveillance in the area to control.

The Mason-Dixon Line remains the symbolic division between South and North.

## Taxes

The deadline for payment of city taxes without penalty was extended to Sept. 16 by the City Commission Monday night.

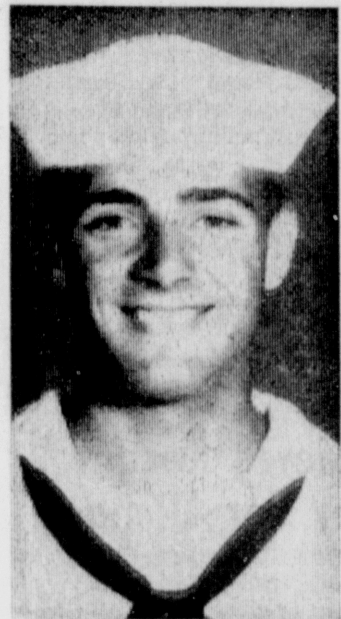

and also that the city was responsible for excessive traffic on Delta Ave. before the establishment of a truck route.

The Commission pointed out that all proper procedure, including public hearings, was followed before the work was completed and that none of the taxpayers had voiced protests at that time.

It was announced that special assessments will be sent out and a public hearing will be held at the next regular commission meeting (7:30 p.m. Monday, Aug. 26) for street improvements in the following areas:

Minnesota Ave. from 5th St. to 6th St.; 3rd Ave. N. from 8th St. to 9th St.; Wisconsin Ave. from 3rd St. to 4th St.; 18th St. from Dakota Ave. to Minneapolis Ave.; 17th St. from Dakota Ave. to Minneapolis Ave., and Michigan Ave. from 17th St. to the highway.

In other business, the Commission designated Friday, Aug. 16, as Bay de Noc Community College Day. The commission was invited to participate in

## Nixon's Choice

Both the national party conventions have developed surprises, the Republicans' at Miami Beach in Richard Nixon's choice of Gov. Spiro Agnew as his choice for vice president, and the Democrats' coming convention in Chicago as a three-legged race with the entry of Gov. George S. McGovern of South Dakota. He will be contesting with Vice President Hubert H. Humphrey and Senator Eugene McCarthy of Minneapolis.

Neither Agnew nor McGovern were well known nationally so their entries into the national political arena created great interest in their motivations.

In the case of Governor McGovern the announcement resulted from thought that the candidacies of Vice President Humphrey and Senator McCarthy do not represent the position which the late Senator Robert Kennedy stood for. McGovern wishes to give Kennedy Democrats a rallying point at the convention.

He regards Humphrey as status quo, McCarthy as end-of-the-war, and wishes to beef up the home front efforts stressed by Kennedy.

Jackie Robinson has deserted the Republicans — he was a worker for Nelson Rockefeller — and announced that he'll vote for any Democrat in November. He is disenchanted by Nixon's choice of Agnew as his running mate and counts it as against the interests of American Negroes and their aspirations for economic uplift. Whether he speaks for most Negroes remains to be seen.

The Nixon choice of Agnew was widely interpreted as intended to placate Senator Thurmond (R-South Carolina) and other Southerners and to neutralize the influence of George Wallace in the South as much as possible.

Wallace is running on a platform of segregation. Nixon is stressing "law and order" in his campaign, and a crucial development of the campaign will be the manner in which this "law and order" is to be achieved. The current implication is that it is to be achieved by on police method to prevent and punish rioting and other disorders.

The nation's first look at Governor Agnew stressed his hard line on disorders. The first generation son of a Greek immigrant, Agnew is a 43 year old attorney with little political experience who got elected governor of Maryland, a very heavily Democratic state, as a Republican.

Agnew, a decorated combat veteran of World War II, who has a son in the Vietnam war, cites his work in Maryland to help Negroes, but he doesn't buy this civil disobedience bit that some people think excuses lawbreaking if it is done to correct an injustice.

Good campaign strategy won for Agnew in Maryland, stressing his age, clean record, community service, war record, etc., and Nixon is counting on it to be impressive nationally and especially in the South. He fits into a "law and order" campaign smoothly because he has stood for law and order in Maryland and declared, like Mayor Richard Daley of Chicago that he'd shoot looters who didn't respond to police orders.

With all three parties for getting out of the war, if possible, the issue of the home front takes on increasing importance as a top issue of the campaign. The Democrats have not unloaded the war issue by joining the peace quest, as the Republicans will remind the voters that the Johnson-Humphrey team escalated the war into its present size. But the Democrats are trying to neutralize it as much as possible as an inheritance from the Republicans (and the Kennedy administration) and they will be working hard to get the Negro vote and keep a national Democratic majority from deserting the administration in November to register protest against a no-win policy, a war on poverty that is also now, civil unrest and inflation.

## Hypersonic

With America's entry in the supersonic transport race not yet off the drawing boards—a final design is still being kicked around—engineers of the National Aeronautics and Space Administration's Office of Research and Technology Mission Analysis Division (that's what it's called) are already talking about a hypersonic aircraft capable of shooting 200 or more passengers through the skies at 6,000 miles per hour.

American Aviation magazine quotes an official of the NASA division as saying that "we already have the solutions on paper and we think the hardware can be in hand by 1985."

Air travelers of the present subsonic jet transport generation are still having trouble acclimating themselves to the strains of passing through multiple time zones within the space of a few hours. The SST will confuse their systems even more, and the HST will hurl them into chaos.

In fact, the HST will be so fast that the 3,500-mile New York-Paris run will be too short a hop. It will be more practical, the engineers say, on flights from the West Coast to Paris or from the Coast to Tokyo. An SST would make these flights in five hours, including fuel stop; the HST would make it in 2 1/4 hours, nonstop.

## Viewpoint

Former Alabama governor George Wallace is beginning to worry Democrats and Republicans alike the way he is winning friends and influencing voters with his no-nonsense promise to chastise the dissidents and restore respect for law and order in America.

Wallace, it will be remembered, was the man who once literally "stood in the schoolhouse door" to defy the law of the land on the matter of integration and whose campaign speeches carry the implication that the order of the courts on the same issue will be ignored should he become president.

Law and order. Like beauty, its meaning is in the beholder whose eye is getting poked.

## And Now for the Tough Part!

## U Thant Preserved Czech Crisis Cool

By LEON DENNEN  
UNITED NATIONS (NEA)  
—This time U Thant played it cool. The Secretary General of the United Nations refused to become involved in the conflict between Russia and Czechoslovakia.

The United States, for obvious reasons, also refrained from taking a public stand. Any intervention by the American "imperialists" would have been exploited by Moscow as a pretext to invade Prague.

But why did U Thant turn his head the other way when the Russians threatened another member of the United Nations fighting for its freedom and independence? He was never so cautious or "neutral" in his comments on U. S. policies.

Yet he refused to take sides when a Czech reporter asked him whether Moscow's terror tactics against Prague were in accordance with the United Nations resolution passed three years ago by the General Assembly.

Ironically, it was the Russians themselves who initiated the resolution that stressed the "inadmissibility of intervention in the domestic affairs of states" and the "prohibition of the threat or use of force in international relations."

The secretary general, no doubt, had weighty reasons for his "neutrality" on Czechoslovakia. But according to experts on U Thant—and there are scores of them in the plush lounges of the United Nations—he simply bowed to Russian pressure.

Compare U Thant's scrupulous silence on Soviet aggressive moves against Czechoslovakia with his blunt and often brutal criticism of the United States. For instance, here is what he said recently in a speech in Canada:

"I regard the prevailing mood of violence in the United States as a consequence of the psychological climate created by the war in Vietnam."

This was an unprecedented statement by an ostensibly neutral international public servant. It verged on intervention in American domestic affairs.

U Thant himself is understood to have deliberately

## Democrats Have 35 Negroes On State Delegation

WASHINGTON (AP)—Michigan—with 20 delegates and 15 alternates—will have the largest representation of the 35 states, District of Columbia and the Virgin Islands which chose Negro delegates to the Democratic National Convention.

There will be 300 Negroes—100 of them representing southern states—among delegates and alternates to the convention in Chicago, the party's national committee reports.

The committee said its tabulation of reports from state delegations showed 175 Negroes were named delegates and 125 picked as alternates.

This, the committee said, will be the largest number of Negroes ever to participate in a major-party political convention. At the party's 1964 convention in Atlantic City, N. J., there were 64 Negro delegates and an equal number of alternates.

chosen the day of the opening of the peace talks in Paris between the United States and North Vietnam to make the offensive statement.

Moreover, he also urged concessions by the United States that would lead, as he said, to an end of all bombings of North Vietnam. This is precisely what Ho Chi Minh hopes to gain at the Paris talks without offering anything in return.

The State Department's officials, as usual—and for some obscure reason known only to themselves—decided to make no protest against the secretary general's calculated efforts to undermine the United States bargaining position at the conference table.

Would Moscow be as magnanimous or foolish? U Thant knows only too well that, while he can twist the American tail with impunity, he must tread cautiously with the Russians. They would certainly be after his hide were he to criticize Moscow's pressure on Czechoslovakia as a clear violation of the United Nations resolution and the elementary rule of international conduct.

Such double standard on political and moral issues is, alas, the rule rather than the exception in the United Nations.

The Czechoslovak crisis merely emphasized again why the United Nations, which could be useful as an instrument of world peace, is morally bankrupt. It also raised anew the question of U Thant's anti-U. S. bias and his role as a "peace-maker."

### "FIT THE CRIME?"

"To make the punishment fit the crime" may have been enough of a goal, a century ago, for the comic opera team of Gilbert and Sullivan.

But not for modern criminologists. Today's goal, as the U.S. Supreme Court put it, is to make the punishment "fit the offender and not merely the crime."

Consider two robbers. One is a veteran safe cracker, wise in the ways of the underworld. The other is a teenage purse snatcher, nervously trying to be tough.

Both offenders are guilty of the same crime: robbery. Yet there are obvious reasons for not treating them alike. They are different not only in the degree of their evil but also in the chance of saving them from a life of crime.

When the time comes to pronounce sentence, the judge naturally wants to take such differences into account. But he may not have any leeway. Very often a single, standard penalty is prescribed in advance by the legislature.

What happens then? There are these possibilities:

- 1) the judge may be forced to impose a sentence that he feels is unwise; or
- 2) he may get around the law — maybe by arbitrarily reducing the charge, maybe even by finding the offender not guilty at all.

In either case, as the unhappy result of a "prefabricated" sentence, justice is not done.

The problem was highlighted recently in a special report on sentencing, by an advisory committee of the American Bar Association.

The committee's report, part of a massive ABA study of criminal justice, urged a speedy end to too-rigid penalties frozen into law.

True, it is up to the legislature — as spokesman for the public — to set our basic standards for the punishment of wrongdoing.

But when it comes to applying those standards in particular cases, the committee said the judge should have plenty of options. He, after all, has to deal with an individual human being. Who better than the judge can make the punishment fit the man?

Dear Ann Landers: My sister has entered her 15-year-old daughter in a beauty contest and it is making us all sick. Bettylou is built like a Swedish 20-year-old, if you get the picture. She gets A's from the men teachers and is flunked by the women teachers. I hope you get THAT picture, too. All the emphasis has been on looks and figure and sex appeal and the poor kid is going to end up a professional party girl if something isn't done to open her mother's eyes.

Last night we were at my sister's house for dinner. There were 10 of us present—all family. My sister said, "Honey, why don't you model the bathing suit you're going to wear in the contest? It will be good to practice walking."

In five minutes Bettylou was sashaying through the living room in a bikini that didn't have 50 cents worth of material in it. My brother-in-law Herman almost swallowed his dentures which surprised me because Bessie (his wife) has been referring to him as "my dead battery" for the last 10 years.

I like beauty as well as the next person, but I don't see anything beautiful about a 15-year-old-girl showing her behind to the whole world. Please print this letter so my sister can see it. She'll know it's for her and I hope it helps.—DORIS

Dear Doris: Here's the letter but don't expect it to change anybody's mind. I feel sorry for any girl whose brains are in her bikini. Obviously Bettylou's mother has encouraged her along these lines and one day the chickens will come home to roost.

Dear Ann: Your frankness is refreshing and I admit I enjoy it when you tell a reader off. Now, perhaps it is my turn to get told off, and I hope you will not spare the horses if you think I have it coming. Teddy and I have been married 11 years. We have no children. Teddy is a good husband and I am trying my damndest to be a good wife.

His job has brought him to this foreign country which I hope you will not name because I wouldn't want to insult the people. Teddy signed up to stay here 18 months.

Four months have passed and I am so miserable I could die. I can't speak the language. The climate is wretched. Living conditions are primitive. The food is dreadful. The prices are high. The people are not friendly.

I have considered going back home, getting a job and saving some money. Teddy has begged me to stay. I should tell you he is very attractive and the women here have that look in their eyes when they talk to him at social gatherings.

What should I do?—NEED YOUR WISDOM

Dear Need: Some people don't know when they've got it good, Lady. You should read the letters I get from wives whose husbands are fighting the war in a neighboring country. They would give their eye teeth to be there with them—in the "wretched" climate, eating the "dreadful" food and paying those high prices.

Get off your back porch and quit griping. Learn the language and make yourself useful. The orphanages and hospitals over there can use a strong, healthy American girl.

What is French kissing? Is it wrong? Who should set the necking limits—the boy or the girl? Can a shotgun wedding succeed? Read Ann Landers' booklet, "Teen-age Sex—Ten Ways to Cool It." Send 50 cents in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

# Waterfowl Hunt Outlook Is Poor

**By BOB VOGES**  
**LANSING (AP)**—The waterfowl crop has not been good this year and gunners can expect a more restrictive season in the fall.

The State Conservation Commission was told last week it would be wise for the state to voluntarily reduce the number of shooting hours allowed hunters.

Department experts advised the commission that the duck breeding population is down this year from last year.

## State Hospital Strike Delayed

**HOWELL (AP)**—A strike at Howell State Hospital was averted Monday when 130 hospital workers agreed to hold off until a meeting with administrators set for Wednesday.

Larry Marr, vice president of Local 658 of the American Federation of State, County and Municipal Employees said the group had planned to strike for bargaining power Monday, but agreed to wait.

"All we ask is for the opportunity to sit down across the table from someone from management who has the authority to make decisions and take action," a statement from the group said.

Asked what the hospital, which has 360 retarded patients, would do in the event of a strike, Administrative Officer Clifton Whalen said: "You know these strikes are illegal. We'll have to just face it when the time comes."

## Mormons Keep Miniskirt Ban

**PROVO, Utah, (AP)** — Male students will be allowed to have long hair and beards this year at Brigham Young University, but miniskirts remain banned at the Mormon Church-operated school.

In a recent newsletter President Ernest L. Wilkinson informed the student body of 20,500 that "there is nothing wrong with wearing a beard." Face hair and long tresses on men previously had been banned.

The newsletter asked mothers to make sure their daughters' hemline hovered near the kneecaps.

## Ionia Record

**IONIA (AP)**—A record 525,000 persons attended the Ionia Free Fair Aug. 3-11, surpassing last year's 512,000. C.L. Teachworth, secretary-manager said. The Lennon Sisters and Frank Sinatra Jr. headlined the professional entertainment at the fair.

were hard hit by drought and dustbowl conditions.

Fall flights of ducks from the area are expected to be well below last year.

**Decision Soon**

Federal officials will make their recommendations for waterfowl hunting seasons in August.

Anticipating a cutback, the wildfowl experts recommended that Michigan take the lead by voluntarily reducing shooting hours.

The experts recommended a more restrictive but simpler schedule of uniform shooting hours bracketed into three periods of the season.

The department is proposing that the duck hunting season begin on a weekday if it runs less than 30 days, and that the opener start late in the morning or at noon.

**Shun Weekend**

Ed Mikula, waterfowl expert, explained:

"Michigan has followed a policy of not opening on a Saturday or Sunday on grounds that a weekend opener, by concentrating duck hunters, reduces the quality of hunting and results in a heavy kill of local ducks."

The commission will be asked to open the goose season on Oct. 1 in Northern Michigan. This would be concurrent with the duck season in the southern third of the state if the goose hunting period is not seriously curtailed.

**Reduce Crippling**

The experts said shorter but more uniform shooting hours also would reduce the higher crippling rate on birds which occurs in the early morning and late evening periods.

This also would make the identification of the various species easier because of the better light conditions.

As another plus, the department claimed, the simpler, uniform schedule would be easier to follow than a lengthy timetable based on sunrise-sunset hours which change in each meridian zone.

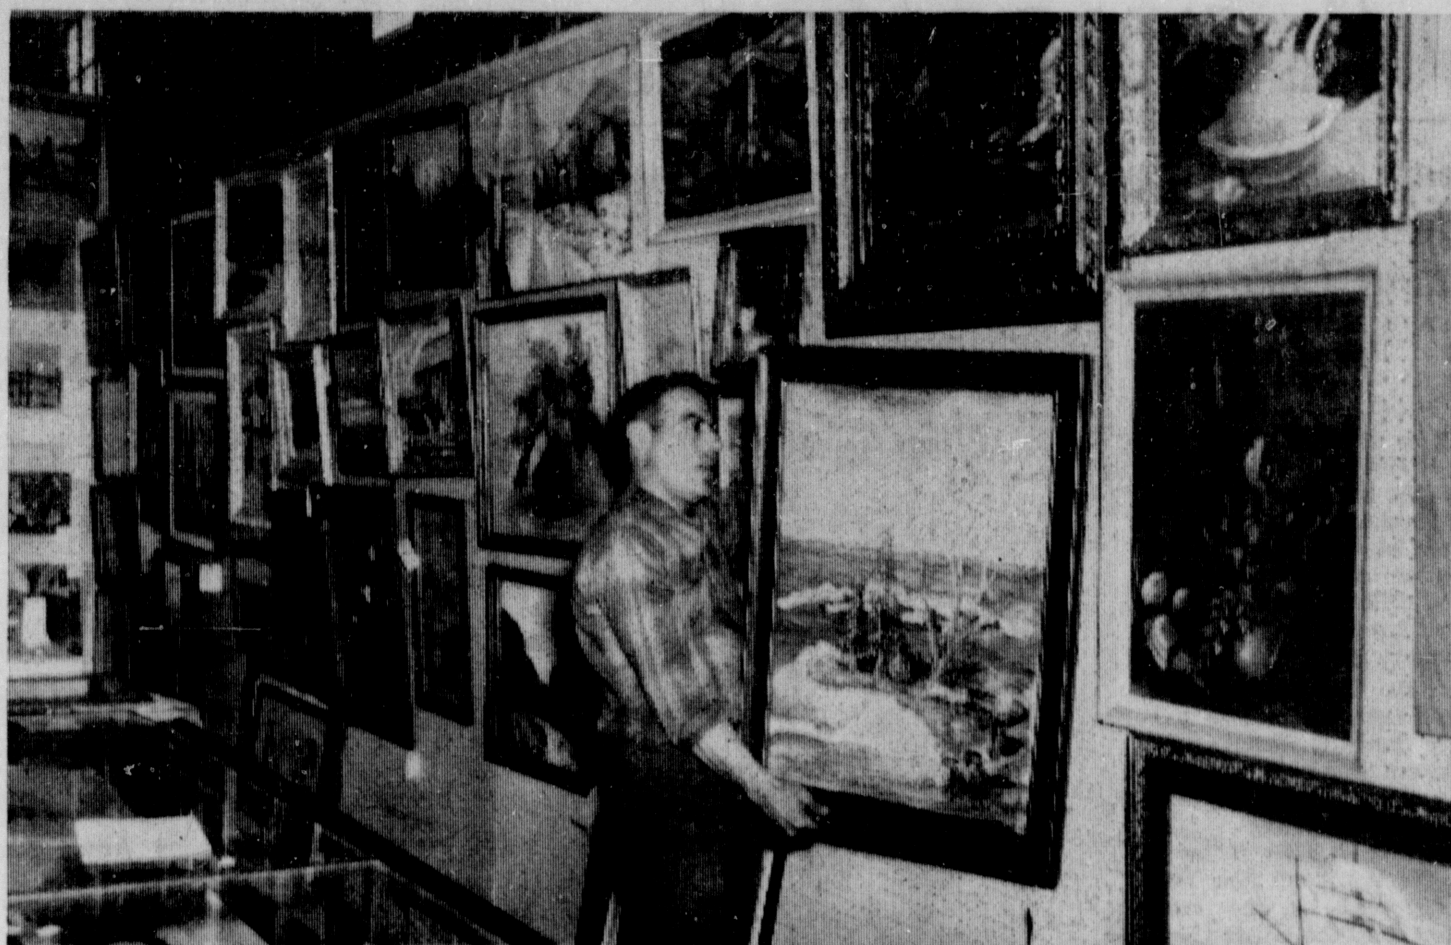

## New U-M Center Conducts Study Of Drug Safety

**ANN ARBOR (AP)** — A \$100,000 research and training center to study the safety and effectiveness of drugs in man will begin soon at the University of Michigan.

U-M officials signed papers this week awarding the construction project on the Upjohn Center to Jeffrey-Dyer, Inc., of Ann Arbor. The center is being made possible by a more than a \$1 million gift from the Upjohn Company of Kalamazoo, one of the nation's leading pharmaceutical firms.

The center will be the nation's first university-based structure of its kind devoted to clinical pharmacology.

It also will provide training for physicians interested in advanced drug study.

## Trial Opens For 17 Arrested In MSU June Sit-In

**MASON (AP)**—Jury selection began Monday after Lansing Township judge George J. Hunter refused a motion for separate trials for 17 persons involved in a June 5 sit-in at Michigan State University.

The young people, charged with trespassing and disorderly assembly, were arrested at the MSU Administration Building when they refused to leave after closing hours.

Benjamin F. Gibson, attorney for 10 of the defendants, moved for the separate trials, stating that each of those arrested sat in the building for a different reason.

Assistant Prosecutor James Theophilis said they were involved in one act and one offense.

Testimony is expected to last three or four days. The defendants have been free on bond since their arraignment June 6.

## Slowdown Perils N.Y. Commuters

**NEW YORK (AP)** — Consider the unhappy lot these days of some New Yorkers: The Long Island Rail Road canceled more trains today while city subway supervisors threatened a slowdown that they said could make the suburbanites' woes seem "minor league."

The LIRR announced Monday night that 32 trains were being dropped from this morning's rush hour schedule—the largest number since the beginning of an alleged slowdown by car repairmen and inspectors eight days ago.

**Spread Threatens**

LIRR officials tallied 53 trains canceled Monday or about 25 per cent of the normal service for its 90,000 daily commuters who jammed the aisles of remaining trains or took private cars, buses or subways to get to work.

Meanwhile the 1,000-member Subway Supervisors Association rejected a mediator's recommendations for settling a contract dispute and threatened a slowdown on the city's subway system.

Frank Tedesco, president of the union, declared his men would "follow the book on work rules and carry out job action just like the Long Island Rail Road carmen's slowdown."

In fact the LIRR carmen have repeatedly denied that they were engaged in a slowdown. Officials of Lodge 886, Brotherhood of Railway Carmen, claim the aging equipment necessitates increased repair time.

The railroad went back into federal court Monday seeking a permanent injunction barring the alleged slowdown, but temporary injunction last Thursday failed to produce any results.

An LIRR spokesman said about 300 of the line's 1,200 cars were laid up in maintenance yards. Normally there are 60 to 64 cars out of service daily for maintenance, according to the line.

Joseph P. Torre, acting chairman of Lodge 886 has charged there are 100 cars not in use and claimed the LIRR was canceling trains for publicity reasons and as part of a union-busting campaign.

**Discharge Protested**

In back of the controversy is a union-company dispute over an LIRR plan to discharge 18 carmen. The question is in arbitration but the commuters meanwhile continue to feel the pinch.

One rider from Valley Stream arrived on a train that brought him direct to Pennsylvania Station rather than to Flatbush Avenue, Brooklyn, the destination on his ticket. When he refused to pay the conductor 25 cents additional railroad police arrested him and he was charged with "theft of service."

And a conductor on a train at Rockville Centre shouted at a group of fretting commuters waiting on the platform: "Everything normal—all messed up!"

## AM Reveals '69 New Cars Today

**WASHINGTON (AP)** — A longer, wider, restyled Ambassador featured American Motors, preview of its 1969 model automobiles here today.

It was the first preview of new models by a U. S. automaker for news media this year, and for the first time there were no convertibles in the lineup.

Embodying what the company termed "hundreds of improvements and refinements," American Motors' five lines of cars will go on dealer display Oct. 1.

Besides the Ambassador, they include the AMX and Javelin sportsters, the Rambler—formerly Rambler American—and Rebel.

**Longer, Wider**

Both the wheelbase and overall length of the Ambassador have been extended four inches and its tread widened to 60 inches. Its hood has been given a sculptured look and its grill redesigned.

Air conditioning, which the company says has been increased in capacity, again is standard on all Ambassador models, and all AMC's 1969 cars will be equipped with head rests.

Manufacturers are not required by federal safety standards to begin installing head rests before next Jan. 1.

William S. Pickett, vice president for sales, said the Ambassador line is designed to "fill a market gap between the top intermediate and standard-size car." It is termed a "luxury car" in company publicity.

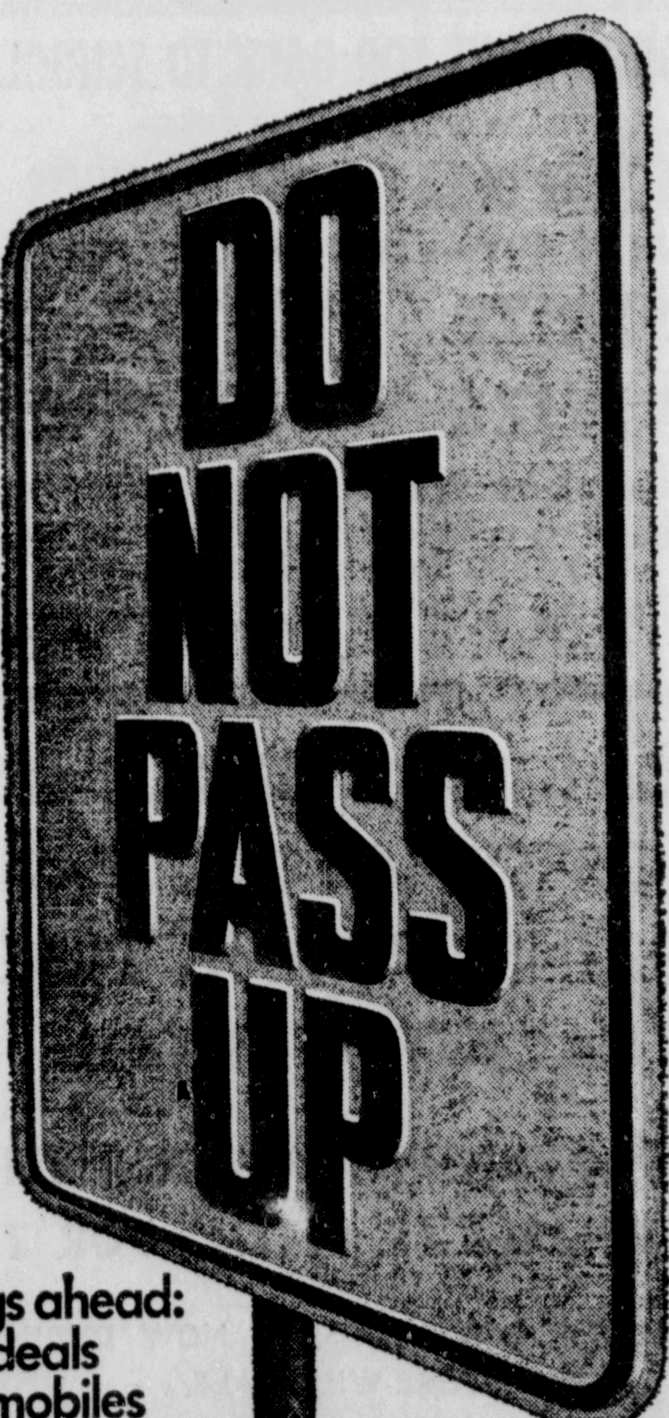

**Hikes Forecast**

Prices will not be disclosed until new models hit dealer showrooms, but higher price tags generally are forecast for all U.S. makes. The 1968 Ambassador ranged from \$2,280.20 for a four-door, six-cylinder sedan to \$3,313.20 for a four-door, V8 station wagon.

New Ambassador models have a wheelbase of 122 inches and an over-all length of 206.5 inches. The distance between wheel treads on both Ambassadors and Rebels has been widened to 60 inches. They formerly were 58.6 and 58.5, respectively. The over-all Rebel length remains 187 inches.

The intermediate Rebel, offered in six models, and the Ambassador, in seven models, both have redesigned suspension systems, which the company says contribute to improved handling and smoother ride.

The American line, which takes over the Rambler nameplate for 1969, has undergone few changes under what American Motors says is a policy to limit alterations from year to year "in order to keep the price as low as possible."

## M 57 Detoured

**LANSING (AP)** — The State highway Department reports traffic will be detoured starting this week on a short stretch of M 57 south of Cedar Springs, Kent County. The detour will be in effect until November to allow relocation of the highway to provide a connection with the U.S. 131 freeway now under construction.

# Salvagers Say Monitor Found

**NORFOLK, Va. (AP)** — While the proud and mighty battleship New Jersey steams through the Pacific, the antecedent of all battleships rests at the bottom of the ocean just off Cape Hatteras, N.C.

But if a group of men, working in secrecy since last April meet with success, that tiny ship, the USS Monitor, will be found, raised, and exhibited to the public.

The 127-foot "cheesebox on a raft" is famous for three achievements: Saving the Union blockade from the ironclad threat of the Confederate ship Merrimac at the battle of Hampton Roads on Mar. 9, 1862; demonstrating the obsolescence of the wooden warship; and making the movable turret a prime feature of most warships.

**Built By Ericson**

The original Monitor, built by Swedish-born inventor John Ericson at the Greenpoint Navy Yard, Brooklyn, N.Y., in the first two months of 1862, was not a seaworthy vessel.

In the night of Dec. 30, 1862, she foundered in one of the frequent storms off Cape Hatteras—"graveyard of the Atlantic"—and sank with the loss of 4 officers and 12 men out of her crew of 63.

The location of the "tin can on a shingle" has been a mystery ever since. Accounts of her sinking place her location from 1 to 25 miles offshore.

Robert F. Marx, a professional treasure-diver, claimed to have found the Union ironclad in 1955 while diving in about 50 feet of water a mile offshore, but said he could not locate the ship on subsequent dives due to shifting of the sandy ocean bottom.

**State Is Partner**

The group now exploring off Hatteras is a partnership between the state of North Carolina, which claims ownership under a 1967 law, and the North Carolina Tidewater Services, Inc., a salvage company.

Samuel P. Townsend, supervisor of underwater archaeology for North Carolina's State Department of Archives and History, has granted an exclusive permit to the company, under provisions of the new law, to explore for wrecks in a nine-

square-mile area directly offshore and to the northeast of Hatteras point.

Many of the wrecks in the area are probably buried under shifting sand, said Robert L. Simmons, 50, a company director. The water runs to a depth of about 40 feet there.

To locate wrecks, the underwater explorers are using a differential proton magnetometer, which is designed to produce outlines of buried metal hulls.

The instruments show one outline of 160 to 180 feet by 45 to 50 feet. The monitor measured 172 by 41 feet.

**Open Secret**

Though Simmons denies that the object of his search is the Monitor, everyone else connected with the project contradicts him. Marx said Simmons had written him that he as "positive" that the instrument find was the ironclad, and that it was at the location Marx had previously reported.

Rear Adm. E. M. Ellier, director of naval history, said the Navy was not interested in the vessel and would not claim her if raised. Townsend indicated he would probably try to keep the ship in North Carolina hands by paying the company 75 per cent of the vessel's worth under the 1967 law.

No one, however, has any idea how much the Monitor would be worth if raised in good condition.

## State Fair Will Open On Aug. 23

**DETROIT (AP)** — The Michigan State Fair will open at 8 a.m., Friday, Aug. 23, general manager E.J. Keirns announced here. In a departure from previous custom, the State Fair parade will be held the same morning. In the past, the parade was held the night before the fair opened.

Aug. 16 is the deadline for parade entries.

## Warn Candidates Signs Taboo On Highway Lands

**LANSING (AP)** — Candidates of both major political parties have been asked by the State Highway Department to stop posting their signs on highway rights of way.

Henrick Stafseth, state highway director, wrote both the Republican and Democratic state chairmen reminding them that placing such signs on highway rights of way is prohibited by state law. It long has been department policy to remove them immediately, he said.

"During the recent primary campaign, many such signs were posted along our highways and many remained following the election," Stafseth said.

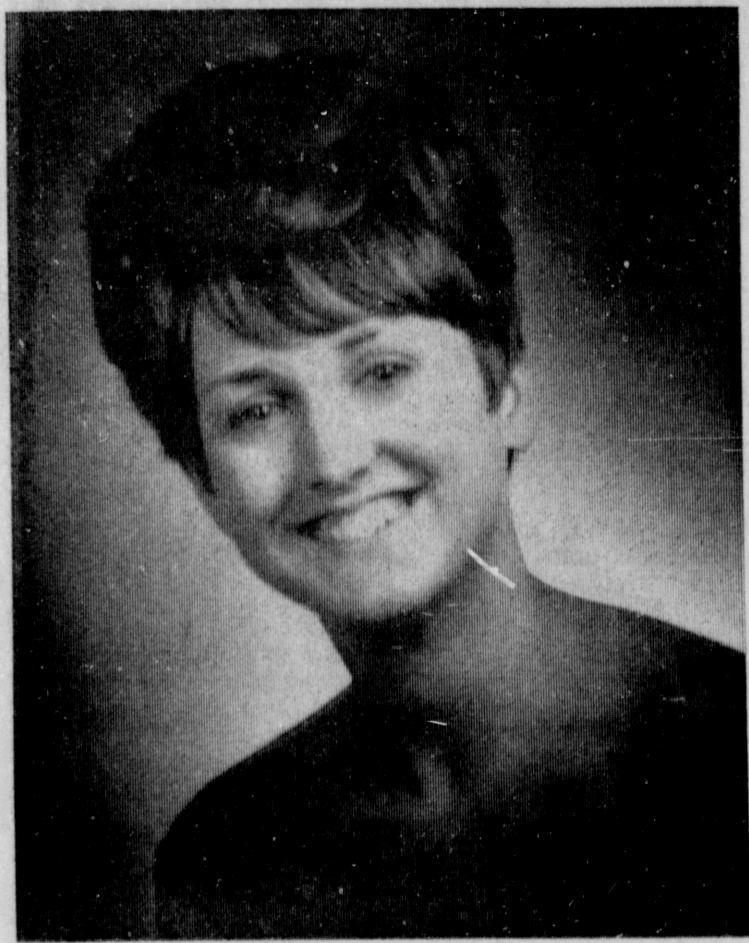

"The cost of removing them comes out of our maintenance budget," Stafseth said, "thereby reducing the amount of money available for much needed repair and other maintenance work."

The highway director asked the party chairmen to seek the cooperation of all candidates "so that this practice will not be repeated during the general election campaign."

## Phone Service Only Hope Of Finding Children

EAST DETROIT (AP) — Mrs. Rosalind Weltman maintains a telephone answering service in East Detroit, even though she has been living in California since December.

The telephone number in the Detroit suburb may represent the only way the lonely mother will ever contact her three missing children, who left for a trip to Expo 67 with their father last August.

When the Mrs. Weltman was divorced from her college psychology husband Morris, she was awarded custody of their three children, Robert, 14, Jeremy, 12, and Abby, 11.

The trip with their father to Expo, Cleveland and New York was approved by the court which granted the divorce.

Since Sept. 5, when Weltman's attorney received a letter saying Mrs. Weltman may never again see her children, she has heard nothing from the children or her ex-husband.

Mrs. Weltman, who moved to Walnut Creek, Calif., when the mortgage company began foreclosure on her East Detroit house, says the FBI won't get involved because Weltman is the children's father, and the East Detroit police, who have a warrant for Weltman's arrest, say they don't have the men or the money to track him.

"I keep writing letters to every agency I can think of," Mrs. Weltman says. "I've gone to lawyers, immigration people, the police. Everything seems so hopeless."

The telephone answering service in East Detroit, she says, is "just in case the children ever call. I want them to be able to reach me."

Mrs. Weltman, who teaches emotionally handicapped children in California, has composed a song she hopes to have recorded and broadcast in an effort to find Robert, Jeremy and Abby.

"Telephone and mailbox have a special claim on me," the song begins. "Nothing can stop me from running to their call."

Of her children, Mrs. Weltman writes:

"I wonder if they're well?  
"And are finding childish joy?"

"For them do life and time  
geat really by?"

"Does warmth enfold them as  
it did?"

"Does love go through their  
world?"

"These questions are the ones  
that make me cry."

"I just keep hoping," she  
says. "There's no reason to go  
on if I didn't believe they'd  
show up."

## Ann M. Ericksen Bride Of Colleen Douglas Fix

The Immanuel Lutheran Church in Escanaba was the setting Saturday, Aug. 10 for the candlelight ceremony uniting in marriage Miss Ann Marie Ericksen and Colleen Douglas Fix of Escanaba.

The Rev. Roger Patrow heard the solemn exchange of vows at 7 p.m. The bride is the daughter of Mr. and Mrs. Sigurd Ericksen of 1126 N. 16th St. and parents of the bridegroom are Mr. and Mrs. Herbert Fix of 1534 S. 14th St.

Bouquets of yellow gladioli adorned the church altar for the service. The bride was given in marriage by her father.

Honor attendants for the couple were Sue Way of Wells and Lee Fix of Escanaba, brother of the bridegroom. Seating the guests were Ward Zeno, Jim Fitzharris, Rick Waak and Jim Peltier.

### Linen Gown

The bride chose for her wedding a floor length white linen gown styled in the fashion of the middle 1850's. The gown featured a high lace trimmed neckline and lace cuffs which extended nearly to the elbow.

A snug lace cap with a shoulder length veil formed her headpiece and she carried a bouquet of wild daisies which were picked by the bridegroom.

Mrs. Ericksen wore for her daughter's wedding a moss green knit coat and dress ensemble with matching accessories and she was presented a yellow and white corsage.

Mrs. Fix chose a silver lame coat and dress ensemble also with matching accessories and she pinned a pink and white corsage. Mrs. Louis Ericksen, great aunt of the bride, was presented a pink and white corsage and Mrs. Herman Fix, grandmother of the bridegroom, was presented a blue and white corsage.

### Reception

The reception was held following the ceremony at the home of the bride's parents.

After a honeymoon trip to an undisclosed destination the newlyweds will reside at 513 S. 13th St. The bridegroom is attending Bay de Noc College.

Out of town guests attended from Ishpeming, Iron Mountain, Cedar Rapids, Iowa, Detroit, Little Rock, Ark., Milwaukee, Wis., Whittier, Calif. and Edon Ohio.

## Diane L. Hall, Robert D. Benn Exchange Vows

Miss Diane Lee Hall of Escanaba and Robert Dale Benn of Freesoil, Mich. were united in marriage during a recent ceremony performed in Jackson, Mich.

The bride is the daughter of Mrs. Robert J. Hall, 606 Ogden Ave. and the late Robert J. Hall and parents of the bridegroom are Mr. and Mrs. John Popp of Freesoil.

The couple were honored at a reception for family members and close friends June 16 at the home of the bride's mother.

Both young people attended Western Michigan University, Kalamazoo, and plan to continue their education at the University of San Francisco.

# Pascual Flips 5-Hitter To Pick Up 11th Victory

By The Associated Press  
Denny McLain and Camilo Pascual work at opposite ends of the street in the American League pitchers' union. But the Washington journeyman can match the Detroit flash in quality of product—if not quantity—on any given night.

McLain scattered five hits, including a pair of homers by Tony Horton, on the way to his 24th triumph of the season as the first-place Tigers trimmed Cleveland 6-3 Monday night.

Pascual also flipped a five-hitter in hurling the last place Senators past Minnesota 2-0 for a modest—but respectable—11-6 mark.

Elsewhere in the AL, Baltimore shaded Oakland 3-1 in 10 innings, Boston edged Chicago 2-1 and New York topped California 5-2.

The Chicago Cubs ambushed St. Louis 7-3 and Atlanta cuffed Cincinnati 9-2 in the only games on the National League schedule.

Pascual recorded his second

shutout of the year and helped himself with a run-scoring single as the Senators ended Minnesota's winning string at three games.

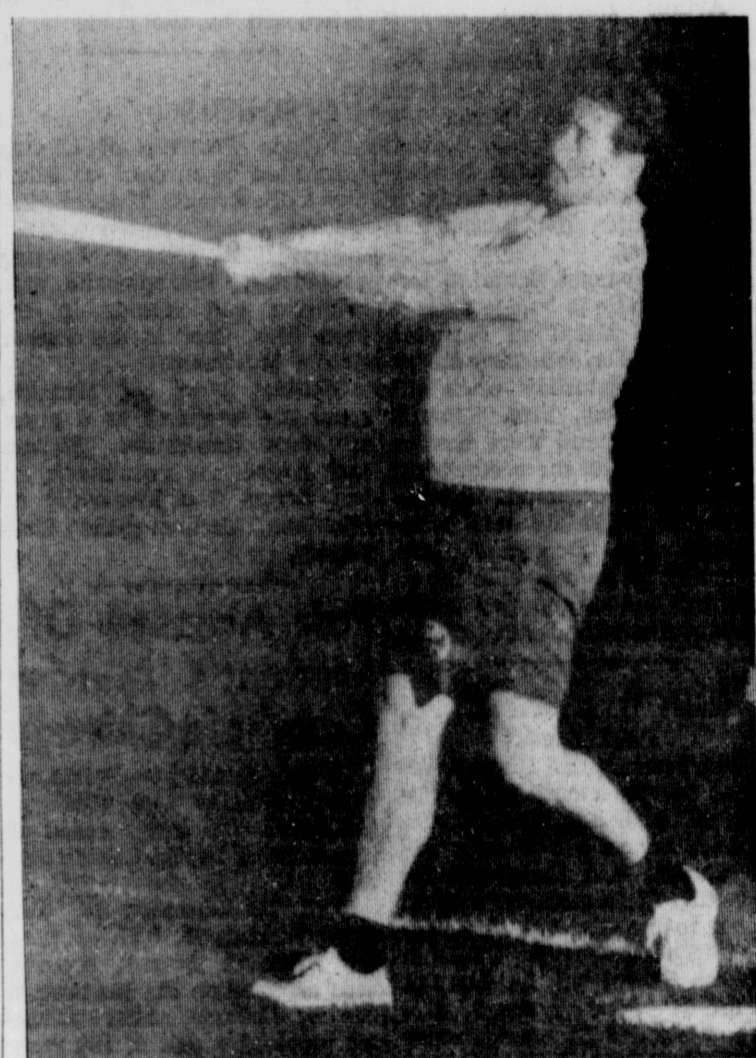

The Senators broke up a scoreless duel between ex-Twin Pascual and left-hander Jim Kaat in the sixth when pinch hitter Cap Peterson stroked a bases-loaded sacrifice fly. Pascual drove in the second run in the ninth.

Reliever Jim Landis rescued Ray Culp from a bases-loaded jam in the ninth at Boston after Culp's run-scoring single in the eighth snapped a 1-1 tie. Landis struck out Gerry McNertney and got Woody Held on a game-ending force at third, preserving Culp's ninth victory in 13 decisions.

The Orioles caught Oakland from behind in the ninth on Boog Powell's leadoff triple and a one-out single by Brooks Robinson, which scored pinch runner Paul Blair.

Blair then walloped a two-run double with two out in the 10th

# Clemente Hints '69 Retirement

PITTSBURGH (AP) — Roberto Clemente, who kept his injured shoulder a secret while he struggled all through the spring, says he will retire before next season if the shoulder doesn't feel any better.

The 34-year-old Clemente has come on very slowly this season after a poor start and now is batting .279. But if he should finish there it would mark his worst average since 1957. Last year he hit .357 and won his fourth National League batting championship.

"I'm playing out the season now with the shoulder hurting," Clemente told baseball writer Charley Feeney of the Pittsburgh Post-Gazette. "But I won't play with it hurting like this next year."

Clemente said he would like to keep playing baseball, but emphasized he didn't "want to play with the shoulder hurting like it is now."

The rightfielder, who won the National League's Most Valuable Player Award in 1966, injured his shoulder in a fall out here his San Juan, Puerto Rico, home in February.

"Jim Lomborg got hurt and everybody knew about it," Clemente said, referring to the Boston pitching ace who broke his leg in a skiing accident. "I was told not to tell any sports writers that I had hurt my shoulder. I didn't tell anybody then."

At one stage in spring training, Clemente went hitless in 29 straight at-bats.

"I shouldn't have been playing in spring training," Clemente said. "I should have taken care of my shoulder. After the accident, one doctor in Puerto Rico told me that I should rest for three months."

Clemente reportedly tore a muscle in his shoulder when he fell.

He has been examined by doctors in Pittsburgh and says there is no assurance the injury will heal over the winter.

"I get pitches that I should be able to hit," the \$100,000-a-year star said. "But I just can't move the bat at them the way I should."

## Carolyn Nelson Wins 1st Match

Defending club champion Carolyn Nelson breezed past her first opponent in the Highland Golf Club women's tournament action, upending Gladys Hanson 6 and 4.

Action was much tighter in other action however, as Elaine Nelson went 21 holes before defeating her mother, Vicky Beck 1 up. Former club champion Elaine Fairchild defeated Martha Priests 3 and 2, while Carolyn Olson bested Dorothy Looden 2 and 1.

Tournament action continues today, and the finals will be held Wednesday. Following the tournament, prizes will be awarded at the annual tournament banquet.

# McLain Records 24th Win As Tigers Defeat Indians

CLEVELAND (AP) — "All I want to do is win the pennant," said Dennis McLain, but the Detroit Tiger hurler admitted he had 30 wins on his mind too.

"I've been thinking about 30 since 15," McLain said after posting his 24th victory Monday night—an easy 6-3 win over the Cleveland Indians.

"I think it's natural to think about winning 30 games," said McLain, who should get 11 or 12 more starts before the season ends. "But I'm not losing any sleep over it," he added.

The only member of the Tribe who gave McLain trouble was Tony Horton. He hit two home runs, one of them with a mate aboard in the ninth.

Detroit catcher, Bill Freehan said he didn't think the pitches Horton hit "were in places where Denny wanted to throw them."

McLain agreed. "They were perfect pitches. I could have hit them out. They were fast balls right down the middle waist high.

"My fast ball wasn't the best," McLain continued. "I've been a lot sharper.

"You've got to arise to every situation that comes up in a game," McLain continued. "I've been doing it all year.

"Of course," he added, "there were some great plays behind me, and it doesn't hurt to have six runs behind you."

A "situation" came up in the eighth, when the Indians got two men on bases with one out. "I wanted to jam (Duke) Sims, and I did," said McLain. "He hit one on the handle. I wanted Cardenal to go the other way and he did," the right hander continued, explaining how he got out of trouble.

The Tigers added three more runs in the top of the ninth to make things easy for McLain. Then Horton came through with his second homer, and Manager Mayo Smith made one of his infrequent visits to the mound to talk to his pitching ace.

"I was rushing myself in the ninth," said McLain. "Smith came out to get me to slow down."

"Denny had better stuff than he's had the last few times out," said Smith.

Asked what McLain was doing differently than he did last season, when he was 17-16, Smith said:

"Concentration, control and a slider. Concentration is something an individual must do himself."

Whatever he's doing, McLain makes it sound easy. "The toughest thing I've done this season is cut a record album for Capital," McLain said. "A Dennis McLain Quintet LP is due for release in mid-September, 'in time for the World Series,'" Denny noted.

It was the fourth straight and ninth victory in the last 10 games for the American League-leading Tigers.

Norm Cash's 18th homer in the sixth inning broke a 1-1 tie and put McLain on top for keeps.

Mickey Stanley, who drove in two runs with sacrifice flies, knocked in the first Detroit runs in the fifth and added another in the seventh.

The first hit off McLain was Tony Horton's home run—No. 10—into the left field seats in the fourth. It was the first homer for the slumping Indians in 11 games. Horton added a two-run shot in the ninth.

The Tigers tied the score in the top of the fifth on Stanley's sacrifice fly with the bases loaded. Vicente Romo, making his first major league start, walked leadoff batter Don Wert, and Dick Tracewski followed with a single.

Dick McAuliffe was given an intentional walk, filling the bases and setting the stage for Stanley's sacrifice fly to Russ Snyder in right.

Romo gave up three hits and two runs in the sixth innings he pitched.

Cleveland manager Alvin Dark used three pitchers in the seventh trying to hold the Tigers. Hal Kurtz walked Tracewski, who went to second on a sacrifice bunt and to third on reliever Mike Paul's wild pitch.

After McAuliffe walked on four pitches, knuckleballer Eddie Fisher took over. Stanley's sacrifice fly scored Tracewski before Fisher got the Indians out of trouble.

Jim Northrup's bases-loaded single and Cash's sacrifice fly produced three more Tiger runs in the ninth.

# Houston Thrashes Jets With Namath Sidelined

HOUSTON, Tex. (AP) — Quarterback Joe Namath of the New York Jets was in the Astro dome but his white football shoes failed to hex the Houston Oilers.

Namath, sidelined with a sore knee, watched the Oilers surge from behind to thrash his teammates 28-14 Monday night in an American Football League exhibition game.

Houston's Pete Beathard passed for three touchdowns before a crowd of 40,354 as the Oilers held the Jets to 161 yards to total offense.

The victory was the second for the Oilers, who stopped the Washington Redskins of the National Football League last week. It was the first outing for the Jets.

Namath, scheduled to lead the New York club's passing attack, wore a blue blazer and manned a spotter's telephone on the sidelines as Houston gathered 407 yards total offense, 236 yards in the air.

A New York City television sports announcer reported during the game that Namath may have been using his sore left knee as an excuse for not playing. A Jets club source said Namath was holding out for \$3,000 pay per exhibition game, Dick Young of WOR-TV reported.

Young said Namath reportedly was promised the money ear-

lier by Sonny Weblin, former Jets owner.

"The way I had it, he had been promised \$3,000 by the former Jets owner," Young said. "I don't know how the promise was made."

One of the present owners of the New York team, Phil Ilesin, said he knew of no such contract obligation.

Namath said flatly, "I don't know anything about it (the reported agreement). My knee hurts."

The Oilers, meanwhile, ran their total offense to 337 yards, compared to 11 for the Jets through the third quarter.

Beathard capped drives of 52 and 76 yards in the third period with scoring passes of 15 and 66 yards to Charlie Frazier.

Veteran Babe Parilli, working in Namath's place, tossed a 21-yard touchdown pass to Lee White early in the fourth quarter. Parilli had put the Jets out front 7-0 in the first period with a 26-yard toss to George Sauer.

Rookie Jim Beirne from Purdue caught a pass from Bob Davis to climax a 61-yard Houston drive for a fourth touchdown in the last quarter.

Elsewhere in professional football Monday, veteran end Ron Kramer announced his retirement after 10 years with Detroit and Green Bay of the National League.

Kramer, placed on waivers by the Lions two weeks ago, will join a steel company in Detroit.

The American League San Diego Chargers signed defensive back Jerry Richardson who played last year with the Atlanta Falcons of the NFL.

The Los Angeles Rams of the NFL placed Joe Williams, a kick return specialist from Florida A&M on waivers.

On the injury front, the NFL Philadelphia Eagles were the most seriously hurt in the first full weekend of exhibition games.

Philadelphia lost quarterback Norm Snead with a fractured left fibula and guard Jim Skaggs with torn cartilages and both were expected to be out from 10 to 12 weeks. Linebacker Ike Kelly was due for an extensive examination today of an injured knee.

The Pittsburgh Steelers placed quarterback Dick Shiner on the injured reserve list. Shiner suffered two cracked spinal bones and is expected to be out four or five weeks. The Steelers also cut rookie linebacker Jerry Moore.

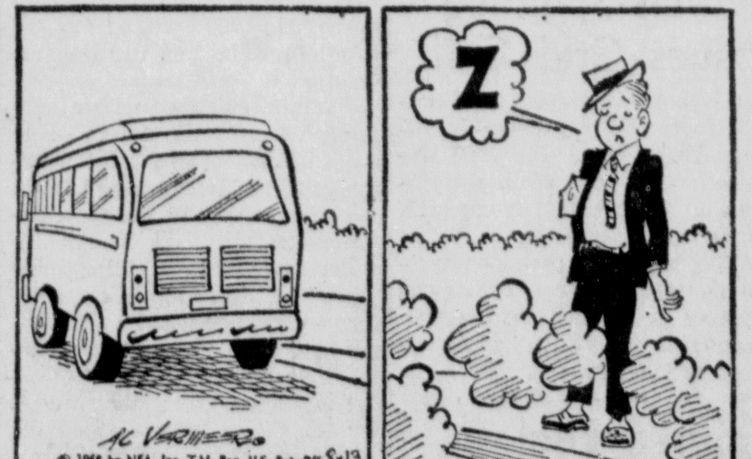

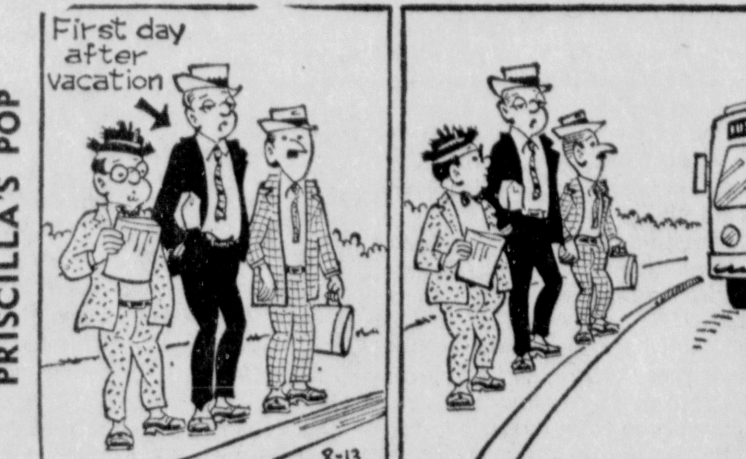

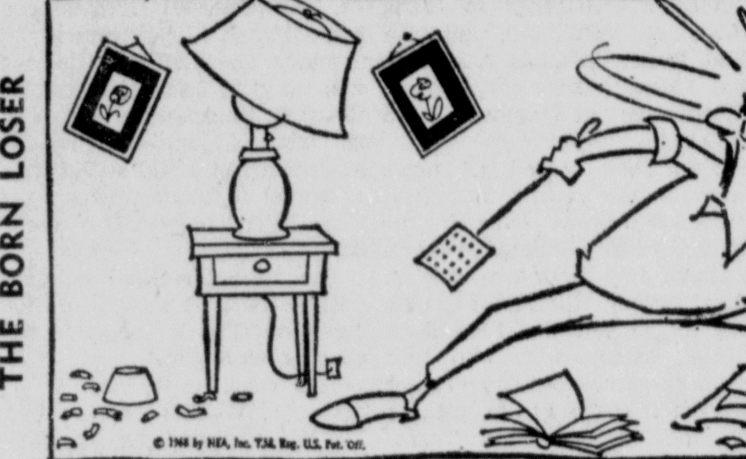

Joe O'Donnell, right guard of the Buffalo Bills suffered ligament damage to his right knee and underwent surgery for the injury. He may be out for the entire AFL season.

## Chiefs Capture Waubung Title

The Manistique Chiefs captured the 1968 Waubung League Title Sunday at Cardinal Field by overcoming Powers 16 to 4. Cooks defeated the second place Escanaba Cubs 1-0 to keep the Cubs from tying for the title. The Chiefs won the league title by posting 6 wins and 2 losses, while Escanaba was second with 5 wins and 3 losses. Manistique finished the season with a fine overall record of 14 wins and 5 losses.

Powers scored one run in the first inning on three errors, added a run in the fifth on 2 walks and a double by Bob Bell, their scoring in the seventh inning on a walk, two errors, and a steal of home by Bell.

Manistique scored three times in the second inning on a walk, two errors, and a fine bunt single by Bob Cowman. The Chiefs added one run in the third on Russ King's single by Ken Roberts and Phil Nelson, an error and two walks. In the fifth inning, doubles by Jerry Sample and Bob Cowman, and singles by Greg Lambert, Mike Tufnell, Nelson and King combined to give the Chiefs 7 runs. Manistique finished their scoring in the seventh on two walks, a steal, and an error.

Bell led Powers with two hits, while the Chiefs 11 hit attack was led by Bob Cowman, Phil Nelson, Russ King, and Mike Tufnell, who each had two hits. Bob Bell started for Powers, was relieved by Tim McClure in the seventh. Bell and McClure gave up 11 hits and struck out 10 hitters. Russ King started for the Chiefs and recorded his tenth win against one loss. King was relieved by Bob Cowman in the seventh as the two Chief hurlers gave up 4 hits and struck out 19 Powers hitters.

## Card of Thanks

### Ackerley

We take this means to extend our heartfelt thanks for all the kindness and sympathy shown us by neighbors, relatives and friends in the death of our beloved son, Donald Allen Ackerley. A special word of appreciation for the floral tributes and the memorial gifts, and to Father Frieburger for his comforting words. Your kindness will always be held in grateful remembrance.

Sadly missed by his Parents, Mr. and Mrs. Donald R. Ackerley

## In Memoriam

### Johnson

You bade no one a last farewell, You said goodbye to none. Your loving heart had ceased to beat Before we knew it, you were gone. More and more each day we miss you. Friends may think our wound is healed, But they little know the sorrow, That lies within our hearts concealed.

Sadly missed by Wife, Barbara, Children, Suzanne, Mary Jo, Raymond and Michael, Aunts, Agnes and Evelyn and Uncle Olaf

### Detroit Atty. Attacks Griffin For Opposition

(Continued From Page One)

justice has not happened since the Hoover administration.

Griffin challenged President Johnson's appointment of Fortas and Thornberry on the grounds that a President should not make "lame duck" appointments to the court, that is, that he should leave to his successor in office the choice of the nation's highest judicial officers. It was not initially regarded as a serious challenge as several presidents have made such appointments and its legality is not questioned, only its propriety.

The appointments, however, had started a cry of "cronyism" as Fortas has been a friend and close counselor of the President's for years and is his family lawyer. Aided by an election year hubbub and animosity toward the Warren court for its liberalism, its reforms in criminal justice and especially its rebuking of the South's denial of constitutional rights to Negroes, the Griffin attack "took off."

"Reciting political and personal chores done for Mr. Johnson by Justice Fortas, Senator Griffin asked caustically 'If a justice of the Supreme Court can serve as legal adviser to the President, would not the chief executive be better served by . . . using the whole court?'"

Griffin, a moderate, refrained from any philosophical attacks on the appointments (both Fortas and Thornberry are liberals), but noted the national need to restore respect for law and order as well as the respect for the institutions which bear responsibility for maintaining law and order.

Griffin and his opponents of the lame duck appointments—whether they sought it or not—got the support of Southern Democrats who attacked the liberal anti-racist legal philosophy of the nominees. Senators Sam Ervin (D-North Carolina) and Strom Thurmond (R-South Carolina) subjected Fortas to harrassing inquiry, questioning court decisions on crime, civil rights, apportionment and pornography.

The White House turned on pressure to get confirmation and Republican Senator Leader Everett Dirksen called Griffin's charges "frivolous", but, with the Southerners helping, the confirmations were stalled until Congress adjourned.

Manager Walter Lewke as resident agent and secretary of the Escanaba Industrial Foundation reported that the Medicenter debenture bonds are selling very well, with over \$50,000 pledged. He also reported that the deadline is Aug. 20 and pledges should be paid by that date.

Lewke reported that the Green Bay Packer exhibition game was voted a complete success by the people who made the trip. The Chamber agreed to sponsor the event again in 1969.

The Nominating Committee proposed a slate of board candidates to be voted on in the election on Sept. 12: Robert Barron, Escanaba Paper Co.; Gary Barton, U. P. Power Co.; Thomas Dufour, Harnischfeger Corp.; Dr. Donald Fitch, Doctors, Park; Donald Haapala, Schneller, Larche & Haapala; Hugh Harris, State Wide Real Estate; William Morrow, Big Boy Drive In; William Servant, First National Bank & Trust Co.; Howard Smale, City of Escanaba; Donald Wertz, North-

### McCarthy Drive Active In U.P.

Marquette Citizens For McCarthy will hold a public meeting at 7:30 p.m., Wednesday in the Holiday Inn for the purpose of uniting all McCarthy supporters in Marquette County behind the senator's campaign to obtain the Democratic Party presidential nomination.

A large number of petitions have been circulated in Marquette County. So far over 500 signatures have been obtained and many more are expected. The signed petitions are being forwarded to the McCarthy For President Petition Drive headquarters in Detroit. They will then be presented to the Michigan delegates to the Democratic National Convention.

Mrs. Peg Braamse, chairman of the Marquette Citizens For McCarthy said, "We believe that Senator McCarthy has widespread support among the people, and that if he is nominated he will win in November. The delegates will be convinced by the petitions."

Asked by the Marquette Mining Journal to comment on the petition drive, Virginia Selin, Marquette, Democratic county chairman, said, "I have seen most of the completed petitions, and I must say the results are very impressive. As county chairman of the Democratic Party and as a delegate to the Democratic national convention, I am particularly interested in the broad variety of names on the petitions. They include Democrats, Republicans and independents."

"It is my feeling that Richard Nixon would be a tragedy and George Wallace would be a catastrophe, and Democrats are interested in a winner."

ern Motor Rebuilders; Claude J. Tobin, Tobin Rental Service.

Francis D'Amour, Superintendent of the Escanaba water plant, on Aug. 6 told the Senior Citizens Committee that the increased use of water makes it mandatory that water service be expanded and the present system updated so that Escanaba presents a more favorable service to industry.

Lewke reported possibility that Avion Trailer Club of Michigan would hold a rally in Escanaba in 1969.

A bid has been submitted to the Wally Byam Caravan to hold their rally in Escanaba in 1969.

The board referred to its National Affairs Committee the issue of whether or not all Michigan should be on the same time. "This issue will be decided by public referendum in November and it is hoped that a consensus will be arrived at after a complete and thorough study and recommendation to the Board for action at the October meeting," said Lewke.

It was recommended by the Board that the Escanaba City Council, and directors of the Escanaba Chamber of Commerce, and Escanaba Foundation coordinate their efforts and actions for the development of present industry and the acquisition of new industrial prospects.

### Rodeo Pleases In Fair Opener

The State Fair Rodeo opened Monday night to an enthusiastic crowd of fans who saw professional rodeo cowboys competing in six nationally sanctioned contests for cash awards and points towards national championships.

Produced by the Barnes Rodeo Co. of Cherokee, Iowa, it moved here from the Canadian Class A Fair Circuit and will play the Iowa State Fair at Des Moines, later.

Events are bareback riding, tie down calf roping, saddle bronc riding, longhorn steer wrestling and Brahma bull riding. Specialty acts included appearance of trick and fancy riding stars Sparky Dent of Vero Beach, Fla., and the Rossis Wanda and Rex of Hollywood Calif.

A popular favorite was the trained buffalo "Pat" presented by Jerry Olson of Sturgis, S.D. Highest ride in the wild horse riding contest was made by Perry Hatfield of Ray, Arizona, wastest calf tie was by Ron Spicer of Minot, N.D., highest mark in the saddle bronc riding was made by Kenney Carlson of Deadwood, S.D. and the highest score in the bull riding was made by 1968 world's champ high school cowboy P. C. Merrill of Trinidad, Colo.

Performances continue this afternoon and tonight.

## Youth Facing B&E Charge

One Escanaba youth is facing arraignment in Circuit Court, a juvenile has been cited into Probate Court and police are seeking a third youth in connection with a breaking and entering at the Ammel Distributing Co. warehouse, 1400 3rd Ave., N.

Larry D. Brown, 19, of 2707 Lake Shore Dr., waived examination in Municipal Court Monday on a charge of breaking and entering and was bound over to Circuit Court.

Judge Bernard H. Davidson is currently presiding over the August term of Circuit Court in the Delta County building and Brown is expected to be arraigned this week. He was released after posting \$1,000 bond.

Officers said Brown was implicated in the breaking and entering by a 16-year-old companion who police apprehended after a chase across Chicago & North Western railroad yards north of the warehouse early Sunday morning.

Brown voluntarily surrendered to police.

Officers said the 16-year-old stopped his flight across the railroad yards after a warning shot was fired over his head.

Police on patrol noticed an open door at the warehouse about 12:40 a.m. Sunday and on stopping to investigate noticed a person running from the scene and gave chase on foot.

Before officers interrupted, 16 cases of beer and two quarter barrels had been removed from the warehouse. The beer was discovered a short distance from the warehouse near a C&NW shed.

The youth sought by police was implicated in the breaking and entering by Brown and the 16-year-old.

## Accident Trial Set October 16

Ronald Destrampe, 31, of 1318 Minnesota Ave., Gladstone, pleaded innocent to a charge of manslaughter Monday when arraigned before Judge Bernard H. Davidson in Circuit Court.

Destrampe is charged in connection with the death of Douglas A. McKnight, 8, who died May 13 after the bicycle on which he was riding in Gladstone was struck by a car driven by Destrampe.

The boy was the son of Mr. and Mrs. Richard McKnight, 601 Delta Ave.

Destrampe was bound over to Circuit Court by Municipal Judge James Fitzharris after a preliminary hearing in Escanaba.

Judge Davidson set the jury trial of the case to begin at 9:30 a.m. Wednesday, Oct. 16. Herman Caron, 59, of 1617½ N. 19th St., pleaded guilty Monday to a charge of carrying a concealed weapon and he will be sentenced by Judge Davidson at 1:30 p.m. Monday, Oct. 14. Caron was arrested July 7 by State Police. Bond was continued.

to fine more roles for women in Michigan government and that he had appointed her to the fair board in the process and that she had taken great pleasure in the public service. Of Mrs. Rice she said: "She is carrying on for Jack and we're all proud of her."

### Kelley Speaks

Attorney General Frank Kelley, keeping his oar in Michigan's political sea — he's a prospect for the Democratic nod for governor in another two years — urged, in a humorous talk, that rural and urban Michigan unite more effectively.

Kelley, who described himself as a country lawyer from Alpena — "in your own 11th Congressional District" — said that before going to Lansing as attorney general he had been part of a rural living which used to watch haircuts for lack of money to do. He has a son at Northern Michigan University and he said "I'm glad they're lowering the tolls on the Mackinac Bridge, and now if I get my son through Northern everything will be fine."

### Cities And Country

Seriously he said: "The urban areas are so wrapped up in their pursuit of affluence that they can see no opportunities beyond the city. On the other hand the rural areas are too self-centered. And so we see bloc voting in Legislature and Congress (of urban and rural interests.) It is commonplace for the news media to ignore the areas beyond their spheres of interest."

"But we can't ignore the citizens in the other country and in the big city. We must reconcile rural and urban America. We cannot have opposing camps and survive."

"This fair is symbolic of the merger of urban and city interests. It helps people to appreciate the great dynamics at play in Michigan today."

### Barbershoppers Please

Cherie Maskart told the news media that there are 14 of the prettiest girls in the Upper Peninsula competing for the fair queen's crown on Wednesday. A former queen herself, from Gladstone, she is in charge of this year's queen contest.

Members of the Fair Board were introduced, along with Fair Manager Clifford Perras, Reps. Russell Hellman (D-Dollar Bay) and Charles Varnum (R-Manistiquie) Miss Yvonne Van Roeyen of Loretto, "Miss American Legion of 1968" contra, who sang several songs, and Cindi LaFleur and Kathy Madden of the Gladstone 4-H Club who presented "4-Hers Move Ahead." The Barbershoppers entertained under the direction of Al Adams.

## Tree Injures Officer's Son

Robert Gasparick, 18, of Bark River, was reported improved this morning at St. Luke's Hospital in Marquette where he was taken by ambulance Saturday after being seriously injured when struck by a falling tree near Watson.

Gasparick, son of Delta County Sheriff's Deputy Fred Gasparick, was employed by Price Construction Co., on pipeline work when he was injured about 11:30 a. m.

He is suffering from a head injury, fractures of both legs and a fractured pelvis.

His father said today that the accident happened when a tree which was being taken down backlashed in wind and struck his son. Gasparick said his son was saved from more serious injury or possible death by a hard hat he was wearing.

Robert was taken to St. Francis Hospital by ambulance and then transferred to St. Luke's Hospital, Marquette.

## Ike Improves; Stop Bulletins

WASHINGTON (AP) — Former President Dwight D. Eisenhower's condition has improved to the point where doctors have stopped issuing regular medical bulletins.

Doctors said Eisenhower passed the critical period Monday from his sixth heart attack. But officials at Walter Reed Army Hospital said his "convalescence is apt to be prolonged because of the general's previous attacks."

Eisenhower was a few days away from leaving the hospital when he was stricken with what doctors termed a major attack last Tuesday.

Walter Reed officials said the five-star general no longer needs oxygen, although he is still confined to bed and visitors are limited to his immediate family.

## Candidates Must File Statement On Election Costs

Any candidate who sought election to any office in the Aug. 6 primary must file a detailed statement of campaign expenses by Friday, according to County Clerk William E. Butler.

Forms for filing the statement are available at the county clerk's office, Butler said. The statement must be filed by all candidates and it does not matter whether the candidate won or lost in the election, Butler said.

## Fakery Denied In Detroit Art

DETROIT (AP) — The director of the Detroit Institute of Arts defended his museum's purchase of a \$300,000 painting against intimations by a Detroit News book editor that it may be a partial fake.

The painting is Orazio Gentileschi's "Young Woman With a Violin." It has been dated as being painted in 1612 and shows a young woman holding a violin and bow. Gentileschi died in 1639.

Art Institute Director Willis F. Woods denied book editor William A. Silverman's statement that the violin bow depicted in the painting did not exist until 1660. Woods said he had letters from several experts on musical instruments saying the gently curved bow did indeed exist when the picture was supposed to have been painted.

In addition, Woods said, "Every possible kind of test was made on the picture," including microscopic and neutron activity analysis tests.

"It is impossible," said the museum's assistant director, Dr. Frederick Cummings, "that anything could have been added to this painting and not be detected. There has been no overpainting. We believe in it perfectly and completely."

Silverman had quoted authorities he did not name as saying:

"We certainly don't challenge the fact that the young woman was painted by Orazio. We say flatly, however, that he didn't do either the bow or the violin."

"The only expert on violins who is disconcerted by the violin," Woods said, "is William A. Silverman."

Silverman had quoted a book on violins written in 1864 to demonstrate Gentileschi could not have painted the bow.
